APRIL '19 NEWSLETTER

TABLE OF CONTENTS:

1. Support in the ISC and MRC

- Math Resource Center
- Math and Science Tutoring
- Resume and Application Workshops
- 4/19 Fractions Workshop

2. Opportunities

- STEM Related Scholarships and Internships
- On-Campus Science Tutor Job Opportunity
- 2019 Stanford Summer Research Experience for Community College Students

3. Campus Events

- 4/10- Speaker Series: Jose Gutierrez
- 4/17- Earth Day
- 4/19 -Speaker Series: Mohsen Janatpour

4. Important Reminders

- Math Jam Registration Open
- Update Your SEP!

Brought to you by METaS and MESA

Support in the ISC and MRC

Have you visited CSM's Math Resource Center?

Our mission is to help students excel in their math and statistics classes through tutoring, resources and compassionate support.

Stop by **Bldg 18-202** or contact MRC Manager, **Lisa Clayton** at claytonl@smccd.edu

Need homework help?

Find tutors in the ISC (Bldg 36-110) and MRC (Bldg 18-202)!

ISC TUTORING SCHEDULE

Monday-Thursday: 8:30 am-5:30 pm

Friday: 8:00 am-2:00 pm

CunninghamRachel@smccd.edu

MRC TUTORING SCHEDULE

Monday-Thursday: 8:00 am-4:30 pm

Friday: 8:00 am-2:00 pm

ClaytonL@smccd.edu

Are you working on an application, resume, or personal statement?

Attend a Drop-In Application Workshop in the ISC!

On Fridays from 1pm to 3pm

FEAR FRACTIONS?

© 1977 United Features Syndicate, Inc.

WE CAN HELP!

Join us for a review of equations and expressions involving fractions and rational functions, converting fractions to decimals both with and without the calculator.

FRIDAY, APRIL 19th, 2:00 PM
MATH RESOURCE CENTER
18-202

Opportunities

STEM related scholarships and internships are frequently updated on the METaS and MESA web pages.
Be Sure to Check Often for Upcoming Deadlines!

LOOKING FOR AN ON-CAMPUS JOB WHERE YOU CAN USE YOUR SCIENCE SKILLS TO HELP OTHER STUDENTS?

BECOME A CSM SCIENCE TUTOR!

\$15/HR AND FLEXIBLE SCHEDULING

Requirements:

- Apply for Summer or Fall
- Have at least a B in the class
- A Faculty Recommendation form

EMAIL RACHEL CUNNINGHAM FOR THE FORM OR MORE INFO AT CUNNINGHAMRACHEL@SMCCD.EDU

2019 Stanford Summer Research Experience for Community College Students (SRECC)

A Research Internship that promotes and nurtures science literacy, aptitude, and interest among talented and motivated community college students from diverse backgrounds through research experiences in an exciting, committed, supportive environment through mentorship and scholarly pursuit. First generation and underrepresented in medicine and science students are strongly encouraged to apply.

Program Dates: May 17 – August 9, 2019
Application Deadline: April 30, 2019

Program Highlights

- Orientation, pre-program seminars, and training on Fridays May 17 – June 14 from 2:00-4:00pm on the Stanford Medicine Campus
- Full-time research experience and mentorship from June 17 – August 9th on the Stanford Medicine campus
- Participants who successfully complete the program will receive a \$3,000 research stipend

Research interns will participate in various scientific experiences, with students conducting either basic, behavioral or clinical research projects.

For more information and to apply or nominate a student, visit:

SCIENCE-IN-ACTION SPEAKER SERIES

April 10th, 2019

5:30-6:30 pm - Building 36, Planetarium

JOSE GUTIERREZ

Engineering Professor, College of San Mateo

My Journey from Community College to a Career in Engineering

Jose Gutierrez was able to find a major that he was passionate about at his local community college, American River College. He transferred to UC Berkeley and received his BS in Bioengineering. He then attended Stanford University as a Ph.D candidate, although he ultimately graduated early with a Masters in Mechanical Engineering. His career has now come full circle as an Associate Professor in Engineering at College of San Mateo.
