PRIE is responsible for conducting a range of analytical support and consultative services, including support of institutional planning as an evidence-based, participatory process.

PRIE staff provide technical assistance in a variety of areas, including strategic planning, enrollment management, classroom research, efforts to improve students' academic success, program review and evaluation, and environmental scans. Technical assistance may range from the identification and interpretation of available data to survey design and advice concerning the use of statistical tools, or it may entail analytical study and education. Technical assistance also includes guidance regarding the development of college-wide or subject-matter-specific institutional plans and their integration within the college's integrated planning model.

In addition, PRIE staff provide expertise and support for the Accreditation Oversight Committee and the PRIE Dean who is the college's Accreditation Liaison Officer.

INTEGRATED INSTITUTIONAL PLANNING AND COMMITTEES

College of San Mateo has an integrated institutional planning process that includes specific, measurable, realistic, and time-bound objectives and that is data driven and evidence based. At the core of CSM's integrated planning are four key documents: the Mission Statement, the Institutional Priorities, the *Educational Master Plan*, and the Program Review instrument. To view these documents, visit the [PRIE](#) website.

To see CSM's comprehensive integrated institutional planning document, go to the [Institutional Planning Documents](#) on the PRIE website.

INSTITUTIONAL PLANNING COMMITTEE (IPC)

The mission of the Institutional Planning and Budget Committee is to ensure the implementation and ongoing assessment of the institutional planning process.

The Institutional Planning Committee accomplishes its mission by:

- Developing institutional priorities based on the SMCCCD *Strategic Plan* and the CSM *Educational Master Plan*.
- Ensuring that budget allocations are based on institutional planning priorities and are relevant to the current fiscal environment.
- Establishing measurable indicators for institutional priorities based on recommendations from the Office of Planning, Research, and Institutional Effectiveness (PRIE), establishing targets for those indicators, and monitoring progress in meeting those targets.
- Ensuring that participatory governance is properly followed across all participatory governance committees.
- Ensuring the integration of the planning process, including, but not limited to a coordinated, institutional approach in addressing college priorities and the interrelationship among institutional plans.
- Establishing regular communication with the campus community regarding the institutional planning process.
- Assessing on an annual basis the effectiveness of the Institutional Planning Committee and the institutional planning process.

For more information visit the [Institutional Planning Committee](#) website.

EDUCATIONAL EQUITY COMMITTEE (EEC)

The Educational Equity Committee (EEC), which is an Institutional Committee, represents the conjoining of two long-standing committees at CSM. The Diversity in Action Group, DIAG, was a committee made up of a group of committed educators working to ensure that cultural responsiveness and cultural sustenance were key elements of the educational efforts put forth by the College. Traditionally marginalized students, by and large, attend under-resourced schools; and because of limited educational opportunities, these students are often enrolled in basic skills courses as community college students.

The Basic Skills Initiative (BSI), at its core, is an initiative interested in arriving at educational equity for students enrolled in Basic Skills courses. It became clear that there was obvious overlap and even synchronicity between the respective work undertaken by DIAG and BSI. The two committees were joined, thus forming the EEC. This merger was an organic shift because the committed educators that made up these two (formerly) distinct committees were clearly working towards the same goal: educational equity.

The mission of the Educational Equity Committee is to work towards the elimination of systemic inequities, college-wide, through the review (and revision, where necessary) of all processes that influence individual student success. Therefore, this committee will work to develop educational equity-centered analytical and pedagogical tools that equip CSM's campus community with viable avenues to begin working towards the eradication of the educational opportunity gap. For more information visit the [Educational Equity Committee](#) website.

FINANCE COMMITTEE

The purpose of the Finance Committee is to ensure that the College maintains fiscal stability and that financial resources are allocated in accordance with the College's Mission, Vision, Strategic Priorities, Educational Master Plan goals, Program Review, and other plans.

The Finance Committee recognizes its stewardship role with respect to financial resources and is committed to maintaining the fiscal health of the College.

Also, the Finance Committee is committed to fiscal transparency; the committee is responsible for providing accurate, timely and accessible financial information to College stakeholders.

The functions of the Finance Committee include:

- Developing long-term and short-term financial plans that are aligned with the College's strategic priorities, educational master plan goals, program review and other plans.
- Monitoring the overall fiscal condition of the College on a periodic basis and recommending corrective actions if necessary.
- Ensuring that long-term and short-term financial plans are integrated with college planning processes.
- Establishing regular communications with College stakeholders regarding College financial matters.
- Assessing the effectiveness of the Finance Committee on an annual basis and implementing recommended changes to committee processes and procedures.

For more information visit the [Finance Committee](#) website.

TECHNOLOGY ADVISORY COMMITTEE (TAC)

The mission of the Technology Advisory Committee is to ensure that the college provides and maintains adequate technological resources for all employees to perform their responsibilities, while supporting student learning in accordance with the College's Strategic Plan, Strategic Priorities, and annual College Goals.

The goals of the Technology Advisory Committee are to:

- Develop both short-term and long-term technology plans, and ensure these plans are integrated into institutional planning at all levels, aligning with the long-term goals of the college and the district.
- Develop an annual assessment of the College's future technological needs in light of advances in technological capabilities as well as technological needs created by new pedagogical approaches.
- Propose sufficient technological standards and make recommendations to the College's Institutional Planning Committee with respect to the College's technological needs.
- Participate in the creation of policies concerning appropriate use of technological resources at both the college and district level.
- Work with the Finance Committee to create and to finance a Total Cost of Ownership model, which includes identifying funding sources for the replacement of outdated technology.
- Work with the Distance Education Committee to ensure that adequate technological resources exist to support the College's distance education and other technology-mediated efforts.
- Make recommendations in consultation with representatives from our ITS, Human Resources, and Professional Development departments for technological training for all of our college employees.

COLLEGE LIBRARY (BUILDING 9-UPPER LEVEL)

The CSM Library, an organizational unit under the division of Academic Support and Learning Technologies, provides human, material, and technological resources to support the Mission and Strategic Goals of College of San Mateo. The Library collections include a well-balanced selection of print, electronic, and microform resources that have been specifically selected to support the academic, workforce development, and basic skills curriculum of the college and to encourage the development of life skills that foster success beyond the academy.

When classes are in session, faculty librarians are available to provide research assistance in person, by phone, email, chat, text, and via other social media networks during all of the Library's open hours.

The online catalog represents nearly 73,000 items in the CSM Library and information about the collections of the 32 other libraries in the Peninsula Library System (PLS). Specialized holdings include a small collection of academic level books in the Spanish language for several disciplines and a variety of resources to support ESL students. Additionally, laptops, tools, and other equipment are available for loan.

A delivery system within PLS makes it convenient for faculty and students to request that items located in other PLS libraries be sent to the CSM Library for pickup. Also, items that have been checked out from any other library in the PLS system can be returned to the CSM Library. A book drop, located near the accessibility ramp in front of the Library, is available for dropping off materials when the Library is closed.

The Library also provides free access to thousands of subscription and fee-based online information resources that are usually not available without a charge on the open Internet. This includes access to over 1 million e-book titles, as well as academic journal articles, streaming videos, high quality art images, and more. While on campus, faculty, students, and staff can easily access the Library's online resources from any computer that is connected to campus networks.

Many Library services and most online information resources are also available away from campus 24 hours a day via any computer that is connected to the Internet.

The Library provides students with access to over 50 open access computers: 44 Windows PCs, 2 Apple Macintosh desktop workstations, and 9 Windows PC laptops. In addition to providing open access to the Internet, the Library's computers are loaded with Microsoft Office software. Computers are also loaded with website and advanced graphic design software including Adobe Creative Cloud including Dreamweaver, Photoshop, Illustrator, InDesign, and Acrobat Professional. Assistive technology is available on all computer workstations. Students can print in black and white or color from library workstations or from their own personal laptops or mobile devices. Alternatively, students may can make digital scans of books, or other printed material and save to a USB personal storage device or email. The Library also offers a tool and equipment lending library, and 3-D printing and laser cutter services.

COLLABORATION AND SUPPORT FOR CLASSROOM INSTRUCTORS

CSM librarians are members of the faculty and are always interested in working with classroom faculty to support curriculum and student success. Librarians are available to present Library orientations or instructional workshops specifically tailored to support a course's overall objective or a particular research or class project. Orientations generally take place in the Library classroom, which is equipped with computer workstations and a projection unit.

Librarians welcome opportunities to collaborate with faculty in academic, workforce development, and basic skills programs to design learning activities that foster development of core information research competencies.

Librarians can create online library research guides (LibGuides) expressly for classes or programs. Examples of librarian created research guides can be found at the [CSM Library's LibGuides](#).

To inquire about scheduling an instruction session or requesting the development of a research guide, please contact the Library Reference Desk at (650) 574-6232 or at the [Library Reference Desk email](#). One can also [schedule an orientation online by filling out the request form](#) on the Faculty Services page on the Library website. Special arrangements can be made to schedule orientations for evening, Saturday, and distance education classes.

Librarians can collaborate with other faculty to create assignments that will help students produce better papers and projects. The Library also solicits faculty input in reviewing Library collections in their teaching areas and making recommendations for additional resources.

PRIVILEGES AND SERVICES FOR FACULTY

- **Borrowing Privileges:** The Library extends a special loan privilege to classroom faculty. Faculty members may borrow most books in the CSM circulating collection for an extended loan period of up to one semester. Extended loan requests must be made in person. Faculty must have a G# to borrow all Library materials. The Library also waives CSM fines and fees for faculty.
- **College Reserves:** To improve student access to supplementary material or materials with limited availability, the Library maintains the College Reserves Collection. College Reserves help students by enabling instructors to place copies of textbooks, past exams, quizzes, solution manuals, article reprints, etc., in a restricted access collection held behind the circulation desk. Classroom instructors set borrowing limits for these materials for 2hr, 3hr, 1-day, 3-day, or 7-day reserves.

The Library encourages faculty to request copies of course textbooks from publishers for the Library's College Reserves Collection. To learn more about placing materials on reserve, please contact the Loan Desk at (650) 574-6548. The [Reserves Request form](#) is available online. After submission of the online

form, bring your item(s) and your confirmation to the Circulation/College Reserves Desk near the entrance of the Library.

- **Inter-Library Loan (ILL):** The Library can also borrow materials from public and academic libraries in the PLS system and outside of the PLS consortia. The [CSM WorldCat catalog](#) provides an easy interface to search for items in PLS libraries and to extend the search to libraries throughout the world. [Inter-Library Loan forms](#) should be used to request books, articles, or other resources from other Libraries. You may also call the Library Reference Desk at (650) 574-6232 for assistance.
- **Recommending Items for Purchase:** The Library welcomes faculty input and suggestions for additions to collections to support the current curriculum. The Library does not purchase materials to support post-graduate level academic research but can aid researchers in borrowing material through ILL. Please contact the Director of Learning Commons or visit use the [online purchase suggestion form](#) on the Library's Faculty Services webpage.

LIBRARY AND INFORMATION COMPETENCY

As of Fall 2010, Information Competency is a graduation requirement for all CSM students. Information about courses, tutorials, and information competency is available on the Library website. The Library offers a LIBR 100 course (1-semester unit), instruction sessions, and online tutorials that promote student success through information competency.

Courses from any division that meet the criteria developed by the Curriculum Committee can satisfy the college's information competency graduation requirement. Courses that satisfy the requirement are listed on the [Information Competency website](#). Faculty that are interested in modifying an existing course or creating a new course that can satisfy the requirement should contact their division's representative on the Curriculum Committee.

STUDENT LEARNING OUTCOMES (SLOS)

WHAT IS STUDENT OUTCOMES ASSESSMENT AND WHY DO IT?

College of San Mateo is committed to the mission of teaching and learning. The Assessment cycle is a process that requires self-examination and reflection, leading to productive, interdisciplinary dialogue; curricular improvement; and systematic and continual efforts to improve student learning. Assessment activities at all levels form part of the College's commitment to creating a community of practice, and inform planning, revising, and budgeting for curriculum and services.

All constituencies directly responsible for student learning – classroom faculty, learning and student support services – must regularly reflect on the effectiveness of their courses, services and/or programs by assessing student learning, using all appropriate data; by identifying and addressing areas of potential improvement; by participating in interdisciplinary assessment activities supporting institutional outcomes; and by documenting their activities in Program Review.

The development, assessment, and analysis of SLOs for Learning Support Services and Student Support Services are under the jurisdiction of the faculty, staff, and administrators of each service area.

For more information on student learning outcomes and assessment, please visit the [SLO website](#).

PLACING TEXTBOOK ORDERS

We strongly encourage you to **email your textbook orders** to the bookstore at csmbookorders@smccd.edu. Please include course information, author, title, edition, ISBN, and the publisher of the book when placing orders. You may also request a PDF to fill out, paper form, or access to an electronic submission tool available on the bookstore website. You can contact the bookstore manager if you have any questions, or need any help.

INCLUSIVE ACCESS

Inclusive Access "IA" is a new model to deliver required digital materials such as homework managers. Students get access at a significant discount without the need to purchase expensive book packages bundled with access codes. We have called the delivery model Inclusive Access because all students receive access to their required materials on the first day of class and are by default, included. The fee for IA is charged to students' accounts, can be paid using financial aid, and can even be included on a tuition payment plan. For more information, please contact the bookstore manager.

BOOK BUYBACK PROGRAM

The Bookstore will buy books back from students at a maximum of 50% of the original purchase price during final exams every term if and only if the Bookstore has received an order by the due date from an instructor for that specific book for use in the following semester and the Bookstore is not overstocked. Access code and/or software requirements may prohibit the Bookstore from buying books. If there have been no orders placed for a specific book, the book will either be refused or bought back by a used book company which may or may not buy a book depending on national demand. It is, therefore, very important for faculty members to submit book orders by the due date.

DESK COPIES

If you need a desk or review copy, the bookstore is happy to provide you with contact information and instructions needed to request a copy from the publisher directly. Unfortunately, the bookstore is unable to order desk copies.

COURSE MATERIALS AND SUPPLIES

You may request that the bookstore carry specific items for your courses by contacting Angelica Fregoso at (650) 574-6369 or fregosoa@smccd.edu. Please notify us as early as possible, and include as many details as you possibly can with your request. Examples of specific details may include brand, color, size, item or catalog # etc.

"LOAN 2 OWN" COMPUTER PURCHASE PROGRAM

The San Mateo County Community College District Board of Trustees approved this program as one means of encouraging faculty and staff to increase their understanding of how computers can enhance the educational environment of the district. If approved for the program, you may purchase a computer, laptop or tablet with an interest free loan. Payments are deducted from your regular monthly paycheck over the course of 2 years. For more information, please contact the bookstore manager.

BUSINESS CARDS

A standard College of San Mateo business card is available to those who need them (generally program coordinators, division deans, administrators, and others who frequently represent the college in the community or in off-campus settings). If a faculty member needs business cards, he or she should submit a request to the Division Dean.

COPIER/DUPLICATOR MACHINES

High speed copier/duplicator machines are located in various buildings throughout the campus. They are placed there for the convenience of the faculty needing fast, high-quality copies of tests, handouts, etc. related to your responsibilities at CSM. User codes are required for the operation of these copiers and are available from Division Deans.

Faculty and staff are encouraged to use these machines to reduce the time it takes to produce instructional materials for the classroom. The copiers have the capability to copy, collate, and staple in one operation, thus reducing the cost to the lowest possible rate. CSM Campus Copy & Post may be used for unusually large quantities or materials which require special paper or inks. **College of San Mateo encourages faculty to “go green” by posting appropriate handouts, instructional materials, and other information online.**

COPYRIGHTED MATERIALS

Duplication of copyrighted materials is not authorized by College of San Mateo. See Library Services for more information.

MAIL SERVICE

Mail service is provided for authorized college business. All College of San Mateo off-campus mailings must have the sender’s name and department in the upper left-hand corner of the envelope. For mail that is included in a box, the sender’s name and department needs to be visible, preferably in the upper left-hand corner of the box. Faculty, staff, or administrators are not to use the mail service for personal business.

Outgoing mail requiring postage is routed to the central mail room in Building 34, where it will be stamped and dispatched.

Requirements

- When mailing quantities of mail that need to be sealed, leave envelope flaps folded over just as they were packed in their original box.
- Do not interleave the envelopes.
- Secure the envelopes with rubber bands.

Hello <name>, your new number is 650- <xxx-xxxx>

Please read instructions below before attempting to setup your voicemail box.

Below are two Voicemail access options, please read and follow the instructions for the option that fits your situation best.

- *Using your SMCCD phone please use option #1, any other scenario please use option #2*
- *Please record a greeting so callers know that it's truly your voicemail box they've reached.*
- *There are important notes and user options at bottom of this thread.*

Option #1: Access Voicemail from your SMCCD desk phone

1. Press the cassette icon located below the phone display, far left row of keys (3rd key from the top)
2. You will be prompted to enter your passcode, the temporary passcode will be provided by ITS
3. VM will guide you through the set up with step-by-step instructions, it will instruct you to set a new passcode, record your name, and record your greeting

After first time setup do step 1 followed by the passcode you created during first time setup.

Option #2: If you are off campus, not at your desk phone, your number is the second line on an SMCCD desk phone, etc.

1. Dial 650-378-7411 (off campus) or x7411 (on campus)
2. When VM answers and you hear the greeting, dial your 4 digit extension number
3. When you start to hear the greeting, interrupt the message by selecting *
4. You will be prompted to enter your passcode, the temporary passcode will be provided by ITS.
5. VM will guide you through the set up with step-by-step instructions, it will instruct you to set a new passcode, record your name, and record your greeting

After first time setup do steps 1-3 followed by the passcode you created during first time setup.

Important Notes:

- If you do not set your password anyone who knows the default passcode will be able to access your voicemail.
- It is highly recommended that you please record your name and personalized greeting. It can be confusing for callers trying to confirm that it's truly your voicemail box they've reached. If you do not record a greeting the generic, system default message will merely state something similar to "please leave your name and message, please start your message now (beep)". It will not be personalized.
- Please only change your main greeting and not record/enable an EXTENDED ABSENCE GREETING.
- The prompts you'll hear during set up are slow. This allows people who are unfamiliar with the system time to think about their response. Please be patient, setting up a new greeting only takes a minute or two

To access "User Options" dial into your voicemail box and select 8 to change "User Options".

Within "User Options" dial:

- 4 – Change your greeting
- 6 – Change your name
- 7 – Change your passcode

If you need further assistance with the District voicemail system, contact the Help Center at (650) 574-6543 or complete an IT Services Request Form by going to the [District Portal Page](#).

STUDENT SERVICES

ASSESSMENT SERVICES

CSM Assessment Services provides college course placements using high school coursework in English and Mathematics. We utilize multiple measurements including guided self-placement to assess student strengths and capabilities. Students are advised to discuss course placement results with a counselor for accurate placement. For more information, please visit the [Welcome Center](#) in College Center, Building 10, Room 370, or call (650) 574-6175.

Student Rights with Placement

Assembly Bill (AB) 705

Assembly Bill (AB) 705 is a bill signed by the Governor that requires California Community Colleges to maximize the probability that students will enter and complete transfer-level coursework in math and English within a one-year timeframe. AB 705 gives students the right to access and enroll into the first transfer-level or first transfer-level with co-requisite support courses in math and English. Non-native speakers of English that might place into English as a Second Language coursework have the opportunity to use multiple measures for placement.

Automated Placement at College of San Mateo

College of San Mateo uses the following measures collected through CCCApply to provide a preliminary math and English course recommendation:

- High school grade point average (GPA)
- High school coursework
- High school grades
- Intended program of study

More Information on AB 705

Please visit the following websites for more information about AB 705:

CalWORKs PROGRAM

[CalWORKs](#) (California Work Opportunity and Responsibility to Kids) assists students receiving cash-aid (Temporary Aid to Needy Families, TANF) through CalWORKs County programs with a variety of coordinated support services. These services include academic and personal counseling, work-study, priority registration, assistance applying for financial aid and scholarships, parenting workshops, job and life skills training, and computer access. The CSM CalWORKs program also assists the Human Services Agency with providing CalWORKs students with textbooks, supplies, child care cost assistance, and transportation assistance, as they pursue training to increase employment opportunities that lead to self-sufficiency. For more information or to make a referral, contact CalWORKs staff in College Center, Building 10, Room 112A, or call (650) 574-6155.

CARES (CSM ASSESSMENT, RESPONSE AND EVALUATION OF STUDENTS)

CARES is a behavioral intervention team (Team) on campus that is available to assist faculty and staff with students exhibiting behaviors which are of concern. If a student's behavior indicates personal distress and/or there is a pattern of disruptive and/or disturbing behavior, then faculty, staff, and students are encouraged to complete a CARES report [form](#). The reported information will be forwarded to the CARES Team.

The [CARES website](#) provides information about the Team, definitions of behaviors of concern, how to file a CARES report, and campus and community resources.

Additionally, the California Community Colleges Student Mental Health Program sponsors a helpful online resource entitled, “Students At-Risk: Tools for Faculty and Staff”, and covers: 1) At Risk Students, 2) Veterans on Campus, and 3) LGBTQ on Campus. Visit [Kognito Interactive Training Avatars](#).

CENTER FOR GLOBAL ENGAGEMENT

[The Center for Global Engagement \(CGE\)](#) at College of San Mateo (CSM) serves our campus through a variety of global initiatives for students, faculty, and staff. As the campus hub for global initiatives and activities on campus, the center supports international students, study abroad and global internships.

The Center for Global Engagement hosts campus-wide events that highlight and celebrate our cultural diversity, such as World Village (a global showcase of culture featuring faculty lectures and student panels, performances and art, food, and hands-on cultural activities), World Chat (a four-week program each semester that offers introductory language instruction by native speakers), World Gala (an annual celebration of music, dance, photography and food from around the world), as well as the International Education Week celebration. Additionally, the CGE and members of the International Education Committee collaborate to provide faculty support and professional development opportunities on topics such as Online Teaching Resources, Cultural Competency, and Campus Globalization Strategies. SMCCCD Study Abroad and Global Internships for CSM students are also housed in the CGE. For information on teaching or studying abroad, visit the [Study Abroad](#) website.

The International Education Program, located in the CGE, supports our international student population, offering admissions, orientation, social and academic advising, as well as clubs and programming for International students from over 50 countries. The International Education Program also hosts the International Student Ambassador program, which provides peer support to our student population, organizes events and activities in the center, and provides information and tours for international visitors.

The Center for Global Engagement is located in Bldg. 10-393 with a meditation room, student lounge, meeting room, and main lobby that are open to all members of the CSM community. If you need assistance or have ideas to share, please contact us at (650) 574-6525. - WebSMART

ENROLLMENT MANAGEMENT: A FACULTY RESPONSIBILITY

1. Why do I have a student who does not appear on my official WebSMART class roster?

Students who do not appear on your WebSMART Official Class Roster are not officially enrolled in your class and **cannot remain in your class**. As faculty, it is your responsibility to make sure all students sitting in your classes are officially registered by the published deadline date. To assist you with this responsibility, take the following actions:

- Print the official roll from WebSMART on the **first** day of your class. Since students can register for your class up to the day before the class begins, do not print your roll prior to the first day of class because it may not be accurate. The WebSMART roll lists students who are officially enrolled.
- If, on the first day of class, you provide a student with an authorization code to register for your class, then list his/her name on your roll sheet so you can monitor his/her official enrollment. Remind students who have received authorization codes that they must officially register **before the published deadline date**.
- For a semester-length course, a student must complete official registration by the published late registration deadline.
- For a course that is not a semester-length course, the student must register no later than the next class meeting.

2. A student says there is a problem with WebSMART or registration. Are there registration blocks for some situations? How can I help?

If a student tells you he/she cannot register, there is a problem. Or, if the student thinks he/she is registered but the name does not appear on the WebSMART Official Class Roster, there is a problem. Any of the following situations may be the cause:

- The student is on academic dismissal and not approved to enroll in your class. The student needs to go to Counseling Services and follow the reinstatement process in order to be allowed to register for classes.
- The student does not meet the prerequisites for the class and is not eligible to take the course (District and Title 5 regulations).
- The student has already attempted the course the maximum number of times and is not eligible to enroll in the course again (District and Title 5 regulations).
- The student has an incomplete in the course from a previous semester and cannot register for the course while the previous attempt is recorded as an incomplete (District and Title 5 regulations).
- The student has reached the unit enrollment block and needs approval from a counselor to enroll in units over the maximum (fall/spring limit is 19 units, summer limit is 11 units).
- The student has not attended for more than 1 year and is unable to register without updating the admission application.

The student should immediately be referred to the Admissions and Records Office. Do not allow any student to remain in your class if the official enrollment has not been processed. NO EXCEPTIONS.

3. How does the wait list process work at College of San Mateo?

For most class sections, if the section is full, the student is offered the chance to be placed on the section's wait list. The wait list works in this way. If a registered student drops the course and a space becomes available, the first person on the wait list is notified of an opening by email (the student's MY.SMCCD email). The student has 24 hours to register for the section. If the student does not respond in the time frame, his/her name is dropped from the wait list and the next student on the list receives the email notification and registration opportunity.

4. What should I do with the wait list on the first day of classes?

When you print your WebSMART Official Class Roster, print the wait list that has been developed for your section. On the first day of class, if you determine that you can add students, first use the wait list to fill spaces. If a name appears on the wait list but the student is not present in class, then go to the next student on the wait list and so forth. When you have exhausted the wait list, then accept other students who are present in the classroom to add.

5. When is it appropriate to issue a student an incomplete grade? What professor and student obligations are part of awarding an incomplete as an end-of-semester evaluation?

A professor should consider issuing an incomplete only if the student has successfully completed at least 80 percent of the course requirements and has only 1 or 2 outstanding assignments to complete and there are documentable extenuating circumstances that have come up (hospitalization, death in the family, work schedule change, or an unanticipated serious illness) that make it impossible for the student to complete the course within the 17-week semester (or 6- or 8-week summer session).

- It is solely up to the professor to determine whether he/she will award an incomplete. (A student may request an incomplete, but it is up to the professor to determine whether it is warranted or **whether the professor wants to take on the added responsibility of monitoring the incomplete process.**)
- If the incomplete is determined to be appropriate, the professor and student must develop a contract describing how the incomplete will be resolved. The contract should be very specific and include student expectations and timelines. This contract is sent to the Admissions and Records Office, the professor maintains a copy, and the student receives a copy.
- The contract includes a default grade. If the incomplete is not completed, then the default grade becomes the final grade after one year. If a student will successfully complete the course with a grade of C or higher regardless of the extenuating circumstances, in most cases, the student should receive

the grade (A, B, or C) and the instructor should not issue an incomplete. Never issue an incomplete and list a default grade of A.

- A student may not enroll in the course while an incomplete is outstanding because the system sees the student as already enrolled in the course with an incomplete. The student must meet with the professor who issued the incomplete to resolve the incomplete.

6. Why is it essential to submit census information on time?

The college receives a portion of its State funding based on active student enrollment. Therefore, the college must abide by the California Code of Regulations, Title 5, which requires faculty to “clear the rolls of inactive enrollment.” Inactive enrollment in a course is defined as a student having been identified as a “no show,” one who has officially withdrawn from the course or one who has been dropped from the course. As further noted in Title 5, “a student shall be dropped if no longer participating in the course, except if there are extenuating circumstances.”

No longer participating includes, but is not limited to, excessive unexcused absences. (Title 5, 58004, Application of Census Procedures)

7. Why is it essential to complete positive attendance reporting on time?

Like census reporting, reporting positive attendance is required by Title 5. Submission of positive attendance hours on time is essential to capture FTES generated by students enrolled in these courses. If positive attendance hours are not submitted on time, the college may lose FTES funding.

8. Why is it essential that final grades be submitted by the deadline date?

Grades that are submitted late negatively affect students and college processes. Late grades delay the transfer process and may 1) cause a student to become ineligible for transfer because of incomplete transcripts, 2) delay student registration (students are not eligible to register if a required class has not been completed), and 3) affect academic standing since students on probationary status cannot register for future classes while all course evaluations are not in. Late grades affect student cumulative grade point averages, course completion rates, and the graduation evaluation process and can make students ineligible for re-enrollment, transfer, scholarship eligibility, graduation, and more. **Failure to submit all college records by published deadlines is not acceptable.**

PREREQUISITE INFORMATION

9. What are prerequisites, corequisites, and recommended preparation notations that appear in the Catalog and the Schedule of Classes?

If the course description (found on the official course outline, in the Catalog, or in the Schedule of Classes) includes a prerequisite course or skill level, the prerequisite must be achieved and documented for the student to remain in the class. A corequisite course is one in which the student must maintain concurrent enrollment. Prerequisites and corequisites are mandatory. **A faculty member cannot ignore or waive a prerequisite.** Many course descriptions include a recommended preparation notation. This indicates that it is highly recommended that the student have a specific skill level or academic background to succeed in the class. Recommended notations are advisory only.

10. Why do courses have prerequisites? Who determines whether a course has a prerequisite requirement?

A number of college courses require completion of prerequisite courses or require documentation of a specific skill level to ensure that all students have a common academic background to support the level of instruction and student success. District and Title 5 regulations require that, if a course has a prerequisite, it must be consistently enforced. As a result, if a student has not completed the prerequisite (course or skill level), he/she may not enroll or remain enrolled in the course for which the prerequisite is required. The Committee on Instruction, an Academic Senate committee, approves course prerequisites as part of the curriculum review and approval process.

11. How do I know whether the course I am teaching has a prerequisite?

The official course outline and the current Catalog indicate enrollment limitations for courses. You will find information about prerequisites, corequisites, and recommended notations for courses in these documents.

12. How does computerized prerequisite checking function in the San Mateo County Community College District?

Go to the [Prerequisites](#) website for complete information about prerequisites, computerized prerequisite checking, and a list of course with computerized prerequisite checking in place. At this site, you can find forms that students use to apply for prerequisite equivalencies.

13. How can I find out whether the class I am teaching uses computerized prerequisite checking?

Ask your Division Dean.

14. What if, as the instructor of a course with a prerequisite, I want to waive the prerequisite for a student?

Individual instructors cannot override or waive prerequisites. A course prerequisite is approved by the Committee on Instruction and must be consistently enforced in all sections of the course. A student who does not meet the required prerequisite is not eligible to take the course or remain enrolled in the course.

15. Does CSM accept high school coursework as completion of a prerequisite?

No. However, a student may be able to challenge a prerequisite based on high school work. See more about the prerequisite challenge process in question 19.

16. What if a student completed the prerequisite course at a college other than CSM, Skyline, or Cañada?

The student must go to the [Prerequisites, Corequisites, and Recommended Preparation](#) website (or call 650-574-6187). This site provides comprehensive information about prerequisites, corequisites, and recommended preparation. The site explains how students who have completed coursework outside of SMCCCD can have their coursework reviewed for the purpose of meeting CSM course prerequisites. It also includes the Prerequisite Equivalency Form, the Prerequisite Challenge Petition, and other related forms.

17. What if the request for prerequisite equivalency is denied?

If the request for prerequisite equivalency is denied and the course is determined not to be equivalent to the CSM prerequisite course, the student is notified by email. The student can investigate the prerequisite challenge process. See question 19 for information about the challenge process.

18. What if the student says he/she has the knowledge or ability to succeed in the course based on work experience or other life experience?

Advise the student to challenge the prerequisite. See question 19 for more information.

19. When and how can a student challenge a prerequisite?

The student must go to the [Prerequisites, Corequisites, and Recommended Preparation website](#) for the prerequisite challenge petition. There are deadlines related to this petition that are viewable on the website.

A student can challenge a prerequisite only on one or more of four grounds listed below:

- The student has the knowledge or ability to succeed in the course without completing the prerequisite.
- The prerequisite was established in violation of Title 5 regulations or the SMCCCD Prerequisite Policy.
- The prerequisite course has not been made reasonably available.
- The prerequisite is discriminatory or is being applied in a discriminatory manner.

To challenge a prerequisite, a student must file a Prerequisite Challenge Petition with required documentation in the Welcome Center, College Center, 10-370, at least 5 working days prior to the late registration deadline date published in the class schedule. If the course is a late-start class, the petition must be submitted at least 5 working days prior to the first day of the course. The Assessment Services sends the challenge packet to assigned faculty for review, receives the results from faculty, and communicates the challenge results to the student. There is a deadline of 5 working days to resolve the challenge.

ASSESSMENT SERVICES

20. What are the procedures regarding Assessment?

Assessment is required for

- All matriculating students who intend to complete a vocational certificate, and/or associate degree, and/or university transfer, or
- Any student who intends to enroll in an English, ESL, or Mathematics course, or
- Any student who intends to enroll in a class that has an English or Mathematics prerequisite.

The Assessment Services, College Center, 10-370, administers computerized placement test for ESL and utilizes high school transcript information to place students in the transfer level English and mathematics courses.

21. How do students select English, Reading, ESL, and Mathematics courses?

Assessment results provide students with a course placement in English, ESL, and Mathematics. Students are encouraged to discuss test results and subsequent course placement with a counselor.

HELPING STUDENTS SUCCEED/STUDENT SERVICES SUPPORT

22. I want to provide my students with information about how to survive and thrive in my class. Can student services help me?

Yes! Many students are unaware of how to be successful in college.

First, professors can help students by clearly outlining in a class syllabus information that describes course goals, learning outcomes, evaluation processes, student expectations, a course calendar of activities, a study schedule, and the like. Encourage all students to meet with you during office hours at least once during the semester.

Secondly, invite student services professionals to make presentations to your class. Presentations can be general in nature or can be tailored to your specific course. Some of the more general presentations include the following, but don't hesitate to contact the Dean of Counseling, Advising, and Matriculation to discuss any special student support you want or need in your classroom.

- a. Using student support programs to improve your college success (counseling services, transfer services, career services, basic skills services, and more)
- b. Planning for college—the comprehensive student educational plan
- c. Using study skills for college-level academics
- d. Using time management for personal and academic success
- e. Understanding the system—college planning
- f. Understanding the system—university transfer process
- g. Choosing a college major
- h. Selecting courses to meet your educational goals

For classroom presentations, contact the Dean of Counseling, Advising, and Matriculation.

23. How can I find out how the course I teach fits into students' educational goals? Is the course applicable to the associate degree general education? Associate degree majors? University transfer general education? University transfer majors?

It is very important for your students to understand how the course helps them achieve educational goals. We strongly recommend you include on your course syllabus exactly how the course is applied to the following educational goals:

- Does the course apply to associate degree general education requirements? If so, in what area?
- Does the course apply to associate degree major requirements? If so, what majors?
- Does the course apply to California State University General Education Certification for transfer students? If so, in what area?
- Does the course apply to Intersegmental General Education Transfer Curriculum Certification (IGETC) for transfer students? If so, in what area?
- Is this course typically used in a transfer major? If so, what major and what universities?

This information is easy to acquire. Simply contact the Dean of Counseling, Advising, and Matriculation. Also, faculty can request that CSM pursue articulation agreements with universities. Do you have a course that you think should apply to transfer but it currently doesn't? Do you have a course that you think should apply to associate degree general education or majors? Connect with Krystal Duncan, Dean of Counseling, Advising, and Matriculation at (650) 574-6440 for information and advice.

24. **What information do students need to be reminded of regularly?**

Regularly announce important information or include it on your course syllabus.

- **FIRST TWO WEEKS OF SCHOOL IS THE LATE REGISTRATION PROCESS.** All semester-length courses need to be added within this period.
- **STUDENTS MANAGE THEIR OWN ENROLLMENT ON WebSMART.** Students should check the schedule summary to make sure enrollment is complete, pay fees on WebSMART, and keep personal information (address, phone, email) up to date on WebSMART.
- **STUDENTS USE WebSMART to select the PASS/NO PASS option.**
- **STUDENTS SHOULD KNOW THE LAST DAY TO WITHDRAW FROM CLASSES.**
- **ALL STUDENTS WITH EDUCATIONAL GOALS SHOULD MEET WITH A COUNSELOR** at least once semester to evaluate progress.
- **WITH A COUNSELOR, STUDENTS CREATE A STUDENT EDUCATIONAL PLAN (SEP)** that maps out, semester by semester, exactly what courses (and sequence of courses) are needed to meet the goal. Each semester the SEP should be reviewed with the counselor to make sure it remains accurate with a clear picture of what must be done.
- **STUDENTS WITH EDUCATIONAL PLANS get the highest level of continuing student priority registration. This could mean getting the classes and times the student wants or not.**
- **STUDENTS SHOULD USE SUPPORT SERVICES** that help them succeed.

25. **Why is completing an associate degree or certificate important? How can I convince my students that they should pursue completion of a certificate or associate degree now?**

Many students are not aware of educational goals available at CSM and, as a result, do not think about completing a certificate and/or associate degree. There are lots of reasons that students should consider completing a certificate or associate degree at CSM. Consider discussing these reasons with your class(es).

- Students can get multiple certificates and associate degrees at CSM. Courses required for a certificate are listed in the Catalog and include courses that are related to the certificate career area. Completing a certificate is like completing the major requirements for an associate degree.

An associate degree has 2 main components:

- 1) general education and basic competencies, and
- 2) major requirements.

Courses used to meet general education and basic competency requirements can be used for multiple degrees. A student needs to complete only the courses that are required for the different degree majors.

- An associate degree requires a minimum of 60 units of degree-applicable coursework. Although 60 units may sound like a lot to students, if they think about it in terms of 3-unit classes, 60 units is about 20 classes.
- Students can use one course to meet requirements for multiple certificates and associate degree majors. If one course is found in several degrees, then the student can use the same course for several degree majors. This allows a student to earn more than one degree or certificate to enhance employment opportunities.
- University transfer students should leave CSM with an associate degree. CSM offers a number of associate degree majors that contain the same coursework that is required to transfer, so a student can meet transfer requirements and concurrently meet requirements for an associate degree.
- Sometimes life does not give a student a *second* opportunity at education. It is important for students to make the best use of time at CSM. Students should complete a certificate and/or degree now so that they can enjoy more career options and opportunities in the future.

26. **How do counseling services work at College of San Mateo?**

Counseling is an essential service for students who intend to complete a certificate, associate degree, or transfer to a university. All students who identify an interest in achieving a certificate, associate degree, and/or transfer should use Counseling Services to confirm a major area of study, an educational goal, and to develop a comprehensive student educational plan (SEP). The SEP maps out, semester by semester, courses required to meet the identified educational goal. The SEP is a resource for students to use as they select courses for enrollment. The SEP is available to students in DegreeWorks through their WebSMART account.

Prior to being eligible for a one-on-one counseling appointment students must first complete a Welcome Orientation in person or online. In the Welcome Orientation, students receive foundation information about District and College policies and procedures, math and English assessment, registration, WebSMART, educational goal options, support services, College resources, and special programs.-This foundational information prepares students to work with a counselor and engage in their own educational and career planning.

In addition to one-on-one counseling appointments, counseling faculty teach a number courses as listed under COUNSELING in the College Catalog. Examples of workshop topics include, but are not limited to:

- choosing a college major
- utilizing Degree Works and Assist.org for educational planning
- communicating effectively with professors and counselors
- using support services to facilitate academic success
- preparing to transfer to a UC or CSU
- preparing to transfer to an independent or out-of-state college or university
- writing a personal statement for UC or independent college application
- completing a university application

In short, counseling faculty and staff help students to

- Clarify educational and career goals
- Plan coursework to complete vocational certificates, associate degrees and university transfer
- Develop student educational plans (SEP)
- Understand educational options and related decision-making
- Understand how academic and college readiness contribute to student success
- Understand the challenges related to time management and academic skill development
- Connect with support programs and services to support student success
- Interpret assessment results
- Understand college policies and procedures
- Focus on personal and educational growth and development

27. What support services and programs do my students need to use?

- **Counseling Services** offers essential service for all students who plan to complete a vocational certificate, associate degree, or university transfer program. (College Center, 10-340)
- **Transfer Services** provides students with support and resources as they research and determine university transfer plans. (College Center, 10-340)
- **Career Services** helps undecided students research and determine college majors, educational goals, and career interests and goals. For students who have identified a college major, Career Services helps students look at what their education can yield in the world of work. (College Center, 10-340)
- **Financial Aid Services** provides students with information about how to fund a college education. (College Center, 10-360)
- **Health Services** provides students with a broad range of free medical and dental services and health education opportunities. (Building 1, room 145)

- **Multicultural and Dream Center** provides multicultural programming and support to ethnically underrepresented students, undocumented students, LGBTQ students, ESL students and foster youth. Counselors are bicultural and bilingual. (College Center, 10-180)
- **Extended Opportunity Program and Services (EOPS)** provides a broad range of services and support to students who qualify for this program. (College Center, 10-110)
- **Disability Resource Center (DRC)** provides a wide range of academic support and services for students who have a verified disability. (College Center, 10-120)
- **OnTRAC Scholars Program** helps students who are working to get back into good academic standing from probation or dismissal status, as well as any student struggling academically (College Center, 10-340)

28. I have a student who is having problems in my class. What can I do, and where can I go for help?

First, speak to the student before or after class or schedule a student appointment during your office hours. Remember, there are many students who are unaware of study skills, behaviors, and habits that are essential for college success. You can also refer the student to the OnTRAC Scholars Program.

Secondly, use the CARES reporting tool on the [CARES](#) website. This quick and easy-to-use system allows you to send an email to a team of professionals to assist you with concerns about your student.

- Do you think that the student may have a learning disability that is affecting class performance? Contact the DRC (Disability Resource Center) Office and discuss the situation. DRC works with both faculty and students to review learning issues.
- Contact the Counseling Department. Consider how Instruction and Student Services can work together with the student to improve personal and academic performance.

29. What are other important resources that students should know about?

The Counseling Division offers a number of courses to help students learn what they need to know to be successful at College of San Mateo. Some of these courses are semester-length courses, but many are short courses offered throughout the semester. Consider talking to your classes about these course offerings and suggest students take advantage of these important and empowering learning opportunities. All of these COUN or CRER courses are university transferable.

CLASSROOM BEHAVIOR PROBLEMS AND DEALING WITH DISRUPTIVE STUDENTS

30. I have a student or a group of students that are disruptive and interfere with the teaching and learning in my class. Can you help me?

Yes. Act immediately when you first encounter an individual or individuals whose behavior is not compatible with your classroom ambience or behavior that is disruptive (mild to aggressive) in or around your class. Ideally, speak with the student(s) directly and clarify your expectations in

relationship to classroom behavior. For more detail about what is considered disruptive behavior and for college procedures, look in the Catalog under Student Rights and Responsibilities, Student Conduct, Disciplinary Actions, and Student Grievances and Appeals.

Personal Counseling and Wellness Service is a resource for you. The college psychologist can either work with you to assist with the situation and/or work directly with the student(s). If these efforts do not improve the situation, official disciplinary action may be pursued.

The DRC serves all disabilities including (but not limited to) deaf/hard of hearing, blind/low vision, physical, autism spectrum disorder, acquired brain injury, attention deficit hyperactivity disorder, learning differences, and mental health. Also provided are accommodations for temporary disabilities such as a broken leg or arm, a pregnancy-related disability condition/childbirth, or recuperation from surgery. The DRC provides academic accommodations such as note taking, test proctoring, textbooks in alternate formats (Braille, e-text, audio, or large print), reader/scribe for tests, interpreting services, and assistive technology services based on individual need.

Students who may benefit from permanent or temporary disability-related academic support services are encouraged to complete an online [Application for Services](#) form. Learning Disability Assessment is an opportunity for students who have a history of learning difficulties, but have never been identified through testing, the possibility of completing diagnostic testing to determine eligibility for support services. Students who complete this evaluation process will learn about individual strengths, weaknesses, and strategies to utilize strengths while supporting weaknesses. Support services may include study and test-taking strategies. In the event the campus is operating remotely, we may be able to offer temporary accommodations while awaiting in-person services. Please complete the [Application for Services](#) form and upload any verified disability documentation.

Assistive Technology/Alternate Media Services offers specialized instruction to enhance and support learning based on individual need. One-on-one instruction for DRC students in addition to DSKL courses utilizing a variety of speech-to-text and note taking software and/or hardware is available. Textbooks in alternate format are available for those who qualify for these services. The student may complete the [Alternate Media Request](#) form and a staff member will contact them.

Counseling services include educational planning – class selection, disability management, transfer, and accommodation needs. Our Counselor teaches a one-unit College planning and Study Skills course.

Adaptive Physical Education Wellness program is designed for anyone who may have a disabling or limiting condition. We tailor our classes to help you achieve your fitness goals in a safe and successful environment. The Welcome Center provides information to students, faculty and staff about on-campus resources that support students’ needs. The Welcome Center website also has a link to faculty resources to assist faculty in reengaging with their students or process for filing a CARES report for students they are concerned about. Please contact the Welcome Center by phone or visit the [Welcome Center](#) website to learn about the resources that Counseling Services has to support instructional faculty.

FINANCIAL AID

The Financial Aid program provides assistance and advice to students who would be unable to attend CSM without such help. Grants, loans, and part-time employment are available to meet the difference between what the student and his/her family would reasonably be expected to provide and the expected cost of attending CSM. Through the San Mateo County Community Colleges Foundation and by the immense generosity of our donors, many thousands of dollars in scholarships are awarded each year to assist hundreds of students who are beginning or continuing their education at CSM or who are transferring from CSM to four-year colleges and universities.

STUDENT ENROLLMENT PROCESS

Each new student who intends to complete a certificate, associate degree, or intends to transfer to a university, must complete the matriculation process in order to register for classes. Outlined below are the steps students are required to complete:

1. Complete a College of San Mateo Application
2. Complete Orientation and Math/English/ESL Assessment (some students will be assessed by completing questions in their application)
3. Meet with a counselor to develop a Student Educational Plan (SEP)
4. Register for classes

Students whose educational goal is to take courses for personal enrichment only or to upgrade job skills are not required to comply with the matriculation requirements. However, if they would like to meet with a counselor, they may do so, but must complete orientation.

Students are also highly encouraged to continue to participate in follow up activities to support their ongoing educational planning which include: additional academic counseling, career counseling, personal development and academic support workshops, applying for student support programs, and utilizing all available college resources. Please visit the [CSM Welcome Center](#) for more information.

STUDENT LIFE AND GOVERNMENT

An important aspect of college life is student participation in out-of-class activities such as Associated Students (Student Senate) and other student government committees and related functions. The Associated Students serve as the official representatives of the students in shared governance matters. In addition, the college has a broad selection of clubs and organizations in which students can participate. A list of these, along with the faculty advisors associated with them, may be obtained in the Center for Student Life and Leadership Development, located in Building 17, room 112, or by calling (650) 574-6141. Any faculty member interested in serving as an advisor to a student group can also contact the Center for Student Life for additional information.

TRANSFER SERVICES

Transfer Services assists students in planning for transfer to a four-year college or university. Information and workshops are offered on choosing a college, application fees, ADT (Associate Degree Transfer) requirements, completing on-line university transfer application forms which include assisting with application essays for UC and Private Universities, CSU Supplemental Applications as well as university application updates throughout the year. CSM has special transfer admission agreements that can guarantee transfer admission in a specific major with a number of four-year institutions. For further information, visit the [Transfer Services](#) website.

VETERANS SERVICES

The Veterans Resource Opportunity Center (VROC) assists veterans, reservists, active duty members and dependents by providing services and information for VA benefits, on-campus resources, scholarships, transfer college information, and more. The VROC is located in Central Hall, Building 16, Room 150. For more information please contact Luis Padilla, VROC Program Services Coordinator, at (650) 574-6625 or visit the [Veterans Services](#) website.

PART III • ACADEMIC PERSONNEL

DUTIES AND RESPONSIBILITIES OF FACULTY

All instructors, counselors, librarians, and other non-management academic personnel shall abide by the duties and responsibilities as listed in the appropriate appendix of the academic employees' contract. Any service and/or participation on the part of hourly instructors beyond the first four duties specified in the academic employees' contract will be strictly voluntary and shall be done at no cost or obligation on the part of the District, unless special arrangements have been made.

FACULTY SCHEDULES

Faculty are to complete the online Faculty Door Card for each semester by using the District portal page. Each faculty member will post an office door card showing scheduled lecture and laboratory hours, scheduled office hours, and reassigned hours, if any. Counselors are to include counseling hours and reassigned hours, if any. An instructor absent from his/her office for a major portion of a scheduled office or counseling hour will notify the Division Office of his/her whereabouts and time of return and will post this information on the office door.

Regular faculty on reduced load for any given semester will adjust the minimum required hours proportionally.

Faculty with class assignments plus counseling assignments (or other non-teaching assignments, such as reassigned time) will adjust the minimum required hours proportionally.

ACADEMIC INTEGRITY OF COURSES

The Board of Trustees—on the recommendation of the Chancellor, President, and Vice President of Instruction and the advice of the Academic Senate's Curriculum Committee—approves all courses.

The administration, through the Division Deans and the Office of the Vice President of Instruction, is responsible for the scheduling, staffing, and operation of all courses. The instructor is responsible for teaching, at a minimum, the material as specified in the course outline of record within the general outline of content and format approved by the Board of Trustees. Subject to consideration of course prerequisites and approved course outlines, instructors remain free to select specific material as they deem appropriate.

Responsibility for the academic integrity of each individual course must be assumed by the instructor teaching it. Freedom of inquiry and the right to express differing opinions are fundamental to the integrity and dignity of the academic community. (See Appendix O.) Physical disruption of the classroom is antithetical to academic freedom and dignity. Should such physical disruption occur, it is the obligation of the instructor to report it to the administration as soon as it is feasible.

In sum, institutional academic integrity is dependent on individual professional integrity. Any compromise leads to a decline in the academic standard to which CSM has long been committed.

CLASS MEETINGS

Instructors are expected to meet classes at the assigned time and place. Any change of time or place **requires prior approval** by the appropriate Division Dean. If an instructor is late to a class meeting, students are required to wait ten minutes before leaving the classroom. An instructor who knows he/she will be late should contact the Division Office as soon as possible.

Each class hour consists of 50 minutes' instruction time (e.g., 8:10 to 9:00 a.m. = 50 minutes or 1.0 instruction hour). For classes that meet for more than one hour but less than two hours, there is no break (e.g., 8:10 to 9:25 a.m. = 75 minutes or 1.5 instruction hours). For classes that meet for more than two hours, there is a ten-minute break for each full hour (e.g., 7:00 to 10:05 p.m. = 165 minutes, or 3.3 instruction

hours, and 20 minutes' break time). **Instructors must take breaks for classes of more than 2 hours and must not dismiss class early in place of taking breaks.**

Contact your Division Dean for specific information about reporting absences and other procedural expectations.

FINAL EXAMINATIONS

For each class whose course outline of record includes a lecture component, a final examination or activity must be held during the day and time listed in the Final Examination Schedule published in the Schedule of Classes. The day and time of the final exam/activity should be included in the class syllabus.

The final exam/activity is held in the room in which the class regularly meets. For classes that include both lecture and laboratory components, the final is scheduled according to the lecture time. Final exams/activities for evening and weekend classes take place during the week of final exams at the last class meeting. The exam period shown in the Schedule of Classes is part of the required contact hours for the course. Therefore, the final examination or activity should be designed to take the full exam period.

Exceptions must be approved in writing in advance by the Vice President of Instruction.

SUBSTITUTE INSTRUCTORS

The responsibility of securing adequate substitutes is a joint responsibility of the Division Dean and the Office of the Vice President of Instruction. Substitutes must meet minimum qualifications. **Arrangements for substitutes may be made only by the Division Dean or the Vice President of Instruction.**

A. Sources of Substitutes

1. Part-time day or evening faculty who are available
2. Full-time faculty
3. Retired faculty members

B. Faculty will either substitute at a time other than a regularly scheduled office hour or scheduled reassigned time or provide additional office hours to compensate for those missed due to the substitution.

C. Faculty members should notify the Division Dean as soon as possible so that necessary arrangements for a substitute can be made by the Division Dean. This includes absence from one or more classes as well as absence for a full day. If not present in class, the assigned instructor is presumed to be either absent or on leave. Absences not reported to Division Offices can lead to disciplinary actions.

The Division Office must record an absence and charge it to one of the types of absence or leave listed in the academic employees' contract.

SYLLABUS

All instructors should distribute their syllabi to students during the first day of class of the semester or summer session and submit copies of their syllabi to their Dean or Division Assistant by the end of the first week of the semester or summer session. The syllabi will be kept on file in the Division Office.

Each syllabus should include the following information:

- Instructor's name
- Instructor's contact information (Contact your Division Dean to get an office, phone number, and District e-mail account.)
 1. CSM office location and office hours
 2. CSM phone number
 3. SMCCD e-mail address
- Course description (See the official Course Outline on file in the Division Office.)
- Official course Student Learning Outcomes (SLOs) (as listed on the official course outline in CurricUNET)
- Assignments
- Grading policy including specific information about how the final grade will be determined

- Required textbooks
- Information about how to fulfill to-be-arranged hours, if appropriate, and the campus location (e.g., specific learning support center or lab, building, and room number) where the TBA requirement is met

Examples:

In TBA hours, students complete exercises in groups or individually that reinforce the lecture content of the current week. These exercises may involve problem solving, mini-labs, and short answer questions. Students are required to complete 16 hours by arrangement in the supervised environment of the Integrated Science center (36-110). TBA assignments prepare students for completing their homework assignments and for taking exams.

-or-

This English class has a TBA [To Be Arranged Hours] requirement. All students are required to complete 16 hours by arrangement in 18-102 or 18-104 under the supervision of a qualified instructor. These TBA hours are instructional activities designed to help improve students' reading and writing skills. Students log in and out on the attendance system to log their TBA hours. Instructor-directed activities will include orientations, one-on-one conferences with English instructors, tutorials on specific writing and critical thinking skills, and group workshops.

- Language concerning accommodations for students with disabilities

Examples:

If you have a documented disability and need accommodations for this class, please see me as soon as possible or contact the Disability Resource Center for assistance. The Disability Resource Center is located in College Center, Room 10-120; 650-574-6438.

-or-

Students requiring accommodations for a verified disability that may affect learning performance are requested to schedule an appointment during the first week of the semester with a staff member at the Disability Resource Center so that appropriate arrangements can be made. The Disability Resource Center is located in College Center, Room 10-120; 650-574-6438.

SYLLABUS STATEMENT ON EQUITY

The faculty at College of San Mateo affirm that students are entitled to an equitable learning environment that celebrates their voice, fosters their agency, and develops their capacity for self-advocacy, and that is free of unfair practices.

If you feel you are in an environment that is not conducive to your learning or you want to learn more about educational equity, please come talk to me. You may also contact CSM's Director of Equity (www.collegeofsanmateo.edu/equity) to explore your options.

AUDIT POLICY

The colleges of the District allow auditing of courses with the exception of courses in programs that require special preparation and/or program admissions on a limited basis. A student may audit a course only under the following circumstances.

1. The student must have previously enrolled for credit for the maximum number of times allowed for the particular course.
2. The instructor of record for the course must approve the enrollment as an auditor.
3. The student must be in good academic standing.
4. If the course is a variable unit class, the student must enroll for the maximum number of units available.
5. The student must enroll as an auditor immediately following the published late registration period and pay the auditing fee.

A student may enroll as an auditor the week after the late registration period is concluded because those students taking the course for credit have first priority for all classroom space. Enrollment as an auditor is a manual process, and the student should obtain a Permit to Enroll as an Auditor form from the Office of Admissions and Records. No student auditing a course shall be permitted to change his or her enrollment to receive credit for the course. An auditing fee as established by California Education Code is payable at the time of enrollment as an auditor, with the exception of students enrolled in ten (10) or more semester units.

Visit the [Audit Policy](#) website to obtain an Audit Course Request form.

INSTRUCTIONAL AIDES

Instructional aides are used for a wide range of services. Assignments range from semi-clerical duties to special, license-required instructional positions. All work is supervised by an academic person. The exact assignment of responsibilities of instructional aides will vary with the field of instruction but, within the duties specified in the generic job description, will be determined by the academic personnel to whom the instructional aide is assigned. The duties of instructional aides shall not include the assignment of grades to students.

RESOURCE PERSONS FOR INSTRUCTIONAL PROGRAM AND CONSULTANTS TO FACULTY

There are many occasions when persons from the community or persons from other agencies or institutions are desired as speakers or consultants and are invited to the campus to share their knowledge and experience with students and/or faculty in order to enhance the instructional program and to provide for the in-service training of faculty. It is often necessary to provide an honorarium to compensate for their loss of time and/or travel expenses.

I. RESOURCE PERSONS FOR THE INSTRUCTIONAL PROGRAM

Compensation for guest lecturers, performers, facilitators/moderators, panelists, or discussion leaders shall be as established by the Board of Trustees.

II. CONSULTANTS TO FACULTY

The President may approve payment of an honorarium which is based on professional reputation, anticipated contribution, travel requirements, and expenses involved in such attendance on campus.

III. PROCEDURE

- A. Requests for resource persons to the instructional program and for consultants to the faculty shall be submitted to the Vice President of Instruction by the Division Dean and will include the following:
 1. Name of instructor making the request, the class, and the session and date for which the request is made;
 2. The anticipated educational benefits to be derived from this resource person;
 3. The name of the resource person and a statement concerning the area of expertise; and
 4. A completed Independent Contractor* Agreement form, an I-9 form, a W-9 form, and supporting documents. (For directions and to download the forms, go to the [District Portal page](#) and type "IC Process" in the downloads search, or click on Purchasing/General Services under downloads, then click on "Independent Contracts," "IC Forms.")
- B. Requests must be submitted at least 2 weeks in advance of the suggested date of the presentation because all agreements for independent contractors are made on the part of the San Mateo County Community College District and must be submitted for the Chancellor's or designee's approval prior to date of service.
- C. The Vice President of Instruction notifies the Division Dean regarding disposition of the request; the Division Dean, in turn, notifies the instructor.
- D. If the request is approved, the Division Dean will initiate the form, IC Payment Authorization form (also found on the website indicated above in A), and submit it to the Vice President of Instruction for approval.

- E. Payments will be made to the independent contractor by the District Accounts Payable Department upon receipt of the IC Payment Authorization form, appropriately signed by the college administrator and the originator of the agreement.
- F. Payments to anyone on the District payroll who performs additional services of any type for any part of the District must be processed through the District payroll system.

* Independent Contractor: an individual, not otherwise employed by the District, retained on a contractual basis for an agreed upon fee, stipend, or honorarium for providing services as consultant, lecturer, presenter, discussion leader, program facilitator, official, or advisor.

FIELD TRIPS AND TEMPORARY OFF-CAMPUS ACTIVITIES

Temporary off-campus activities which augment and enrich the on-campus educational program are strongly encouraged. No student shall be prevented from participating in such activities due to lack of sufficient funds. At the present time, these activities are handled in one of 2 ways.

Type A: A college vehicle or chartered vehicle is used to transport the class to and from the off-campus location. Contact the Division Dean if you are interested.

Type B: The class meets at an off-campus location with each student providing the necessary transportation. In this case, the class begins and ends at a specific time at the off-campus location.

A temporary off-campus activity must be approved in advance. The Division Dean must be notified sufficiently far in advance to complete the approval process before the trip is taken. Approval of the off-campus activity involves decisions on the part of the Division Dean and the respective Vice President regarding the appropriateness of the activity, the legal implications, and budgetary or financial restrictions. Please visit the [Board Policies and Procedures 6.45 Field Trips and Excursions](#) link on the District's website.

PROCEDURE

FOR SINGLE, PLANNED FIELD TRIPS DURING THE SEMESTER:

- 1) Complete a Request for Field Trip/Excursion Approval form for each field trip and attach the class roster to each form, indicating students who are not participating in the field trip.
- 2) Students need to fill out a Medical Authorization form and a Student Voluntary Transportation Agreement form and return both forms to the faculty member.
- 3) Send the Request for Field Trip/Excursion Approval forms (with attached rosters), along with all of the student-signed Medical Authorization forms and Student Voluntary Transportation forms to your division dean for signature. See following pages of all sample Field Trip Forms.

FOR FACULTY WHO HAVE MULTIPLE, PLANNED FIELD TRIPS PER CLASS EACH SEMESTER:

- 1) Complete a separate Request for Field Trip/Excursion Approval form for each field trip and attach the class roster to each form, indicating students who are not participating in the field trip.
- 2) Send the Request for Field Trip/Excursion Approval forms (with attached rosters) to your division dean for signature.
- 3) Prepare 1 field trip packet for each student in your class. The packet includes the following 3 stapled forms:
 - 1) a Field Trip Memo which needs to be completed by you, the faculty member (listing all of the information for the multiple field trips - see example of Field Trip Memo),

- 4) Each student participating in the field trip/excursion shall be required to complete a district-approved **Field Trip/Excursion Waiver and Medical Authorization Form** before being allowed to participate on a field trip. Students under 18 years of age must obtain written approval from their parent/legal guardian as noted on form.

CONFERENCES AND TRAVEL

Allowances for conference attendance are an important component of a healthy instructional environment. The college recognizes that attendance at meetings, conferences, and conventions makes a significant contribution to professional renewal. It exposes faculty, staff, and administration to scholarly research and discussion in a specific discipline, to new classroom strategies, to current research in community college education, and to stimulating interaction with other educators.

Travel requests must be approved by the respective Vice President and, in the case of out-of-state travel, by the President and Chancellor as well.

All requests must include the following:

1. Inclusive dates of travel;
2. Purpose of travel (e.g., conference attendance);
3. Estimated total expenses, the amount to be paid from college funds; and
4. Arrangements which have been made to cover teaching assignments and/or other duties during the absence.

Please visit the District's policy on [Domestic Conference and Travel Expenses](#). This administrative procedure document is an integral part of the District's Board Policy 8.55 and is subject to change at the discretion of the District.

1. Purpose and Scope

It is the intent of the Board of Trustees that no employee suffer financial loss or produce personal gain as a result of being on District business.

a. International Travel

Travel outside of the 50 United States and U.S. possessions is considered international travel and is subject to the International Conference and Travel Expense Procedures.

b. Travel of Less Than 30 Days

Reimbursement for domestic travel assignments of less than 30 days shall be based on the actual and reasonable amounts incurred for lodging.

c. Travel of 30 Days or More

Long-term traveling expenses will be approved on a case-by-case basis.

2. Approval of Conference Attendance and Advance Check Request

1. All business-related travel should be pre-approved by the employee's immediate supervisor, the appropriate Business Officer and, if applicable, by the President. For Executives, business-related travel should be pre-approved by the Chancellor or his designee.
 - 1) No business-related travel will be approved or permitted to states with discriminatory laws against lesbian, gay will be approved or permitted to states with discriminatory laws against lesbian, gay, bisexual, and transgender people. The California Attorney General, per AB 1887, maintains and publishes a list (<https://oag.ca.gov/ab1887>) of such states; the District will recognize that list for this purpose.
 - 2) Any exception to this prohibition for the purpose of health, safety or student need, in addition to those exceptions provided in AB 1887, must be approved by the Chancellor in advance of any such travel. Requests for an exception should be directed to the Chief of Staff in the Chancellor's office (baileym@smccd.edu).
2. If an advance check is requested, the Conference Advance Form should be filled out, approved, and sent to Accounts Payable at the District office with supporting documentation (such documentation must include the registration and agenda information) for processing 30 days prior to the conference. Only one advance check per conference per employee will be processed; the check will be either payable to the organization for the conference fees or to the employee, and it is the employee's responsibility to pay directly any necessary conference expenses covered by the advance check.

- 1) Advances may only be made for approved business expenses and provided to an employee within 30 days prior to the trip.
- 2) Travelers must provide an adequate accounting or substantiation of their actual travel related expenses within 30 days following the trip.
- 3) Employees must return any advance amounts in excess of substantiated expenses as soon as possible after the travel is completed.

3. Payment for Travel Expenses When No Advance Check is Provided

- a. If the employee possesses a District procurement card, he or she should use it to pay for event registration, lodging and transportation expenses related to the official business travel. A Statement of Conference Expense Form covering all event-related expenses must be prepared after the event regardless of the payment method. All reimbursements should include the detailed, itemized receipts and not just the credit card charge receipts. Even if no reimbursement is needed, the Statement of Conference Expense Form must be attached to the procurement card back-up package for the supervisor's review and approval.
- b. Any travel vouchers/credits earned due to changes in reservations remain the property of the District and should be used for future business travel within the same fiscal year whenever possible.

4. Payment of Overtime for Conference Attendance and Travel To/From Conferences

- a. If an employee attends a conference during the regular workday, the employee shall receive his/her regular compensation.
- b. If a non-exempt employee attends a conference outside of his/her regular workday, the employee is eligible to receive overtime only if attendance at the conference has been made mandatory by the employee's manager. Note, however, that even if attendance at a conference is mandatory, travel time to/from the conference shall not be eligible for overtime. In this case, a manager may, in his/her discretion, offer the employee equivalent time off to account for part of the travel time if the roundtrip travel time exceeds eight hours. For travel by car, travel time shall be calculated by using Google Maps. For travel by plane, travel time shall be calculated from one hour prior to the scheduled departure time to one hour after the scheduled arrival time.
- c. Exempt employees are not eligible to be paid overtime for time spent at a conference or for travel time to/from a conference.

5. Transportation

a. Air Travel

Economy class or any discounted class airfare shall be used for all reservations. Upgrading to a more expensive class of service is allowed but only at the employee's expense. Any special accommodations require pre-approval by the supervisor in order to be reimbursed by the District. The Chancellor or his designee may decide to pay a higher fare only if it is in the best interests of the District.

If a trip is cancelled, every effort must be made to recover a refund or credit. The following situations describe the factors to consider when reimbursing for cancellations:

- 1) When the cancellation of the trip was within the traveler's control and:
 - i. No credit is issued, the traveler must reimburse the District for the cost of the ticket.
 - ii. A credit is issued – the credit must be used for SMCCCD business travel or the traveler must reimburse the District.
- 2) When the cancellation of the trip was outside of the traveler's control and:
 - i. No credit is issued – the District will cover the cost of the ticket.
 - ii. A credit is issued – the credit must be used for SMCCCD business travel or the traveler can "buy" the credit from the District for personal use. If the credit cannot be used, the District will absorb the cost of the ticket.

b. Automobile Travel

- 1) Mileage Calculation

Under usual conditions, mileage shall be computed between the traveler's office and the common carrier or destination. However, mileage expenses may be allowed between the traveler's residence and the common carrier or destination if the business travel originates or terminates before or after the traveler's working hours, or during a regularly scheduled day off. Under all circumstances, the shortest route should be chosen for mileage reimbursement purpose.

Employees receiving mileage stipend should not claim mileage expenses reimbursements for business travel, unless the business travel is outside the county.

The maximum mileage reimbursement should not exceed the equivalent of market airfare cost (reference to other attendees' flight cost, if available).

2) Mileage Reimbursement Rate

Mileage reimbursement will be approved per current mileage reimbursement rate published by the Internal Revenue Service.

3) Types of Vehicles

Travelers may use their private vehicle for business purposes if it is less expensive than renting a car, taking a taxi, or using alternative transportation.

A vehicle may be rented when renting would be more advantageous to the District than other means of commercial transportation, such as using a taxi. Advance reservations should be made whenever possible and a compact or economy model should be requested. The traveler is responsible for obtaining the best available rate commensurate with the requirements of the trip.

The vehicle rental contract should include Supplemental Liability Insurance (SLI) and Loss Damage Waiver (LDW).

4) Miscellaneous Automobile-Related Expenses

Charges for ferries, bridges, tunnels, or toll roads may be claimed by the traveler. Reasonable charges for parking while an employee is on travel status or on business away from regular duties will be allowed.

6. Lodging

a. Local Travel

An overnight stay is not allowed if the destination is within a **100** mile radius from the traveler's work or home address. An exception to the overnight stay requirement will be allowed if the need for the overnight stay was **preapproved** by supervising administrator.

b. Lodging Expenses

All lodging expenses must be supported by original itemized receipts and the lodging should only cover the period of the conference. Employees must always book at the lowest, single occupancy room rate available, provided, however, that employees are permitted to book rooms at a hotel where a conference is located even if it is not the lowest cost, single occupancy room. Any extra days prior to or after the conference will be at employee's expense.

Charges for failure to cancel hotel reservations in a timely manner should not be reimbursed to the employee, or if paid on a procurement card, should be reimbursed promptly by the employee.

****Please note that it is prohibited to rent via AIRBNB due to limited insurance coverage and potential liabilities.**

c. Hotel/Motel Transient Occupancy Tax Waiver

San Mateo County Community College District is an agency of the California government. The law allows State government agency workers who travel and must stay in hotels while on agency business to be exempt from local transient tax. To obtain this tax exemption, you must present the [tax waiver form](#) to the registration desk at the time of check in. Note that some hotels will not accept the tax waiver form and some hotels will request that the employee complete a form specific to the hotel.

7. Meals and Incidentals

a. Meals

- 1) A per-diem is allowed for meals during approved travel. The current per-diem rate is up to \$60.00 at the maximum for each day of the trip – please note that taxes, tips and room service charges are included in the per-diem calculation. For partial per-diem reimbursements please use the following breakdown as reference.

Per-diem meal allowance:

Breakfast	\$10.00
Lunch	\$20.00
Dinner	\$30.00

Depending on the travel start and end times, the employees may be entitled to the whole per-diem or just part of it—breakfast, lunch or dinner. For local conferences, the event start and end time will be used to determine the meal per-diem reimbursement.

Event or flight time starts...employee can claim	Breakfast	Lunch	Dinner
Before 12 noon	X	X	X
Between 12 noon and 6 pm		X	X
After 6 pm			X

Event or return flight time ends...employee can claim	Breakfast	Lunch	Dinner
Before 12 noon	X		
Between 12 noon and 6 pm	X	X	
After 6 pm	X	X	X

- 2) Meals included as part of conference registration fees should be noted on the Statement of Conference Expense Form and should be deducted from the per-diem. The employee will not be reimbursed a per diem for any meals that are included in the cost of registration regardless of whether or not the employee eats the meal. In rare cases when the employee requires special meals due to health conditions, the employee will be reimbursed only if adequate receipts are provided for any extra meals purchased in lieu of the meals included in the registration fee. When dining with another District employee or agent who receives reimbursement for his/her expenses, if one of the employees covers the cost of the other, the employee who did not pay will have his/her reimbursement adjusted by the per diem portion of that meal.

b. Incidentals

All other reasonable miscellaneous expenses are reimbursable when they are ordinary and necessary to accomplish the official business purpose of a trip. Miscellaneous expenses may include: parking, tolls and other miscellaneous charges. The Statement of Conference Expense Form must include an explanation of why such expenditures are being claimed.

c. Meal Reimbursement Options

- 1) Actual receipts reimbursement: All restaurant receipts must be included. It is not enough to just include the credit card portion – the detailed receipt of items ordered must also be attached. When the itemized receipt is not available, an explanation must be provided and this expense specifically acknowledged by the authorized approval signature. Tips and room service charges need to be reasonable and necessary.
- 2) Per Diem: Per Diem is a daily allowance for expenses - a specific amount of money the District allows an employee, per day to cover meal expenses when traveling for work. Fixed per diem rate eliminates the need for employees to prepare a detailed expenses report with supporting receipts to document amounts spent while travelling on business. Instead, employers pay employees a standard daily rate without regard to actual expenditure. No receipts are required to be submitted when claiming per diem.

8. Insurance for Travelers

a. Employees

District employees eligible for benefits are routinely covered 24 hours a day, worldwide, against accidental death or dismemberment and other accidents and incidents while on an official business trip. District provided medical insurance covers international traveling, therefore check with Human Resources prior to purchasing any additional medical travel insurance. If coverage is provided through the District medical insurance, purchase of any additional travel and medical insurance coverage is considered an out-of-pocket, non-reimbursable expense. If a procurement card is used for these expenses, the employee should reimburse the District promptly.

b. Vehicles

When private vehicles are used on District business, the employees are responsible for maintaining adequate liability insurance coverage. Travelers using rental cars should include Supplemental Liability Insurance (SLI) and Loss Damage Waiver (LDW) when renting.

9. Reporting Procedures and Forms

a. Required Documentation

Employees must keep a record of and substantiate their travel expenses by completing a Statement of Conference Expense Form (along with all required documentation). If the employee is due a reimbursement, the form must be submitted to the Accounts Payable Office within 30 days of completing the travel. The Statement of Conference Expense Form should be supported by sufficient information to establish the business purpose of the travel, the dates and location of the travel as well as detailed, itemized, original receipts for all reimbursable expenses as well as any expenses charged to the purchasing card. The following documentation should be provided along with the Statement of Conference Expense form:

- Itemized receipts for all travel related expenses (meals, hotels, transportation, etc.)
- Conference/event agenda/schedule
- Hotel and flight reservations

Hotel, restaurant and other vendor invoices must contain itemized details. Proof of payments, receipts or statements without a detailed breakdown of expense are not considered proper supporting documents and will not be reimbursed.

Whenever personal credit cards are used for purchases, sufficient proof of payment such as credit card receipt/statement showing the type of credit card and last four digits of the credit card number should be presented. For check payments, a copy of the cashed check or the bank statement showing the posted charge should be provided as proof of payment.

When advance reservations are made with procurement cards (registration, travel and lodging) for events happening in the following fiscal year, the information must be forwarded to Accounts Payable prior to June 30, so it can be set as a prepayment for the following fiscal year.

When the procurement card is used, the complete Statement of Conference Expense Form with all required approvals should be scanned and attached to the procurement card statement. In case of any discrepancies or departures from the District Travel and Conference Expense Procedures, the Accounts Payable staff is required to complete an Audit Findings Form. The Audit Findings Form requires the acknowledgment and approval of the employee and their supervisor prior to processing any reimbursement and may require the employee to reimburse the District for unallowable costs.

b. Forms and Deadlines:

The conference expense related forms can be found online at the [District forms](#) downloads site.

Conference Advance Form - This form must be completed 30 days prior to conference date.

Statement of Conference Expense Form - This form must be submitted within 30 days after the conference date.

Transient Tax Form - This form must be used to claim sales tax exemption from hotel whenever applicable. Procurement card user's guide (use of Procurement card for business trip expense payments must be strictly followed).

10. Non-Reimbursable Expenses

The following are examples of personal expenses that are not eligible for reimbursement as business expenses:

- Amenities such as movies, in-room bars, saunas, massages, etc.
- With the exception of religious or dietary needs, meals purchased in lieu of those included in the conference package are considered personal expenses
- Child care costs, babysitting, or house sitting costs
- Any personal clothing or accessories
- Laundry for trips of less than 5 days
- Grooming expenses such as haircuts, toiletries, etc.
- Prescriptions, over-the-counter medication, supplements, or other medical expenses
- Fees for boarding pets or other animal care
- Magazines, books, newspapers, or other personal reading material
- Outlays for personal recreation or entertainment such as golf course green fees, sightseeing fares, theater tickets, entry fees, lift tickets, etc.
- Expenses related to non-College activities or personal time off taken before, during, or after a business trip, such as extended stays before or after the event dates
- Travel expenses incurred by others than District employee
- Loss of cash advances, airline tickets, or personal funds or property
- Airline travel insurance and medical insurance costs
- Incremental costs for first, business class or upgrade tickets without specific approval
- Fines for automobile or parking violations
- Charges for failure to cancel hotel reservations in a timely manner
- Credit card interest or delinquency fees
- Fees for personal credit cards
- Tips for concierge, maid service, valet parking, and other personal preference services

11. Business Meal Expenses and Alcoholic Beverages Special Rules

Unless otherwise specified, it is the District's policy to follow the guidelines, rules and regulations set by the Federal and State Government in managing its conference, travel and entertainment spending:

a. Business Meals

Business meals are defined by the IRS as the cost of food and beverage (including taxes and tips) consumed in-town or away from home with other business-affiliated individuals, or consumed alone while traveling on District and or College business.

Lavish or Extravagant Spending

Meals that are lavish or extravagant are not allowed. A meal is not considered lavish or extravagant if it is reasonable based on the facts and circumstances. Meal expenses will not be disallowed merely because they are more than a fixed dollar amount or take place at deluxe restaurants, hotels, nightclubs, or resorts.

b. Alcoholic Beverages

When employees dine with business partners, vendors, donors, or potential donors, the District will reimburse for alcohol chosen as beverage with a meal. Employees must, however, use prudence in these circumstances and must not purchase an unreasonable amount of alcohol nor at an unreasonable cost as compared to the overall cost of the meal. It is anticipated that only senior administrators (Vice Presidents, Vice Chancellors, Presidents and Chancellor) will have this sort of business meal. Any others must be preapproved by the appropriate senior administrator.

Please note that if you purchase an alcoholic drink with your meal it must be counted as part of your meal allowance when travelling. However, alcoholic beverages consumed by travelers between or after mealtimes are not considered part of the meal allowance and are not reimbursable, except when they qualify as necessary entertainment for donor solicitation, or college or District business promotional events. Receipts submitted to substantiate such purchases should note the name of the guests and the nature of the meeting, unless the employee selects Per Diem rate reimbursement method. In that case no receipts are required.

The federal government has mandated that no alcohol may be charged as either a direct or indirect expense of federally sponsored projects. This mandate means that under no circumstances should alcohol be charged directly to a federal grant or contract.

PART IV • FACULTY BUSINESS MATTERS

FACULTY SALARIES

Full-time instructors are paid on a 10-month schedule beginning in August and ending in May.

Disposition of paychecks is coordinated through the college Payroll Office (College Center, room 447). Direct deposit of paychecks is available for all faculty, and faculty are encouraged to use this option. Contact the District Payroll Office at (650) 358-6747 for more information. Checks may be mailed or held on campus for pickup at a variety of offices. Most checks for faculty will be picked up by the Division Assistant and will be available in the Division Office. For information on this process, call (650) 574-6216.

Deductions will be made from gross salary for federal and state withholding tax, Medicare, pension plan, social security if you are a member of the California Public Employees' Retirement System (CalPERS), and union dues. In addition, upon authorization by the faculty member, deductions will be made for any or all of the following purposes:

1. Insurance plans,
2. Dues for membership in professional organizations,
3. Tax-sheltered annuities, and
4. Credit Unions.

VOLUNTARY TEACHER DEDUCTIONS

Various insurance plans and other services are available through the District. Detailed information on these plans can be obtained from the District Office of Human Resources.

EMPLOYEE PERSONNEL RECORDS

Full-time employee personnel records are maintained at both the campus and at the District Office of Human Resources and are available for inspection by the employee involved in accordance with Section 2.12, "Employee Rights and Protection, Domestic Partner Rights and Whistleblower Protection" of the Board-approved Board Policies and Procedures. The official Personnel Records for all full-time employees are those maintained at the District Office of Human Resources.

At least two major files are maintained for each academic employee, and the information contained therein (with the exception of confidential and pre-employment information) may be reviewed in the appropriate personnel office at any time an employee is not required to be in class, hold office consultation, or otherwise provide service to the District.

To inspect personnel records, an employee may set up an appointment with their supervisor/dean or the Chief Human Resources Officer or designee.

If desired, arrangements may be made to have the review of materials conducted under the supervision of an administrator of the employee's choice; the files, however, may not leave the personnel office. An employee may also designate a representative to accompany him/her when making the inspection.

The following list and chart indicates the major personnel files, their contents, and the office where records are maintained for full-time faculty. Files for part-time faculty are maintained only in Division Offices.

PART VI • PARKING REGULATIONS AND EMERGENCY PROCEDURES

PARKING REGULATIONS

INSTRUCTIONS TO FACULTY AND STAFF

Any staff parking permit is valid in any staff parking lot on a space available basis. Staff parking permits are also valid at all 3 colleges in the District in any student-designated parking lot. Permits must be displayed on the inside of the rearview mirror with the permit number visible.

Staff members may have only **one** vehicle parked in the staff-assigned lot at a time.

Violation of parking regulations may result in a citation or possible revocation of parking privileges. Short-term permits are available in the Public Safety Office when necessary (e.g., short-term use of a substitute vehicle). Short-term permits must be displayed on the dashboard. Notes left on vehicles are not honored since officers cannot verify the authenticity of a signature.

Parking is allowed only in spaces specifically marked for parking. Parking off the roadway and in non-paved areas is prohibited. The campus is open from 6:00 a.m. to 10:00 p.m. daily. No overnight parking is allowed.

Visitor permits are available at the Public Safety Office in the Public Safety and Medical Services Building (Building 1), room 100. It is the responsibility of the staff or faculty member to obtain permits for persons visiting them on campus; failure to do so will result in citations being valid. Notify the Public Safety Office immediately by telephone in the event prior parking arrangements have not been made. Do not wait until the person receives a citation. Visitor permits may be obtained for advance mailing by staff members by contacting the Public Safety Office.

Note: During construction, regulations relating to specific parking lots may change. Always adhere to posted regulations.

USE OF VEHICLES ON CAMPUS

DRIVING ON THE INTERIOR OF CAMPUS

An increased number of vehicles on the interior of the college campuses has created an increased risk to pedestrians and has damaged walkways and turf areas. Campus Administration and District Administration have met to discuss ways to control this problem and have developed the following guidelines. Because there are many campus organizations responsible for both off-campus and on-campus drivers, each group will be addressed separately following the general guidelines.

GENERAL GUIDELINES

- The interior of the campus is defined as the area bordered and enclosed by bollards, gates, chained-off areas, and any area that is not a roadway, excluding parking lots, loading docks, and loading dock access roads.
- The interior of the campus will be closed to ALL unauthorized vehicles 24 hours per day, 7 days a week. Facilities vehicles and carts are permitted on the interior of the campus for day-to-day operations. Public Safety vehicles are permitted on the interior of the campus for emergency response only. Supervisors will be responsible for enforcing driving regulations.

- Speed limit for vehicles and carts may not exceed 5 mph.
- Private and vendor vehicles are restricted at all times. Vehicles requiring access to the interior quads must obtain authorization from Campus Public Safety and obtain escorts.
- Student groups conducting events in the campus interior must first obtain approval from the Campus Administration.
- All private and vendor vehicles requiring access must be escorted by either Public Safety or an individual or group designated by Campus Public Safety if driving on the interior of the campus.
- Disciplinary action may be imposed on anyone violating Public Safety and College regulations.
- Private and vendor vehicles may be subject to California Vehicle Code citations.
- Vehicles may not be driven across campus turf/lawns or over campus curbs except at driveways.

Machine Vendors

- Loading dock parking only.

Associated Students Events or Other Campus Events

- Obtain escorts from Campus Public Safety or designee.
- Parking at the event is for setup only.
- Students or student groups violating this policy will be referred to the Associated Students for disciplinary action. Sanctions may include cancellation of the event and/or restriction of future space reservations on campus property.

Contractors

- Subject to general guidelines.
- Obtain authorization from Campus Public Safety, if necessary.
- Design and Construction and Project Management are responsible for informing contractors of the guidelines by means of the contract's general conditions and job start meetings.

For any questions or concerns regarding the above procedure, contact the Public Safety Office.

PROCESS TO REQUEST USE OF COLLEGE VANS

The college currently has nine, 10-passenger vans in its fleet. Each van can carry a total of 10 passengers, which includes the driver. In order to request use of a van, the following procedures must occur:

- A request for the vehicle(s) must be reserved through the Kinesiology, Athletics, and Dance office by calling (650) 574-6420. Scheduled athletic events will have priority for use of the vehicles.
- A DMV pull-notice must be completed and returned prior to the requested date. This process may take up to three weeks, so please plan in advance. All drivers must complete a pull-notice. It can be found at the [DMV Pull Notice](#) link.
- The pull-notice must be returned to Human Resources at the District Office and the driver(s) approved.

Vehicle Check-out Procedure

You will be provided with a packet that includes the following items:

- A Vehicle Safety Inspection log
 - The log book should be filled out appropriately to include operator name, date of travel, destination, vehicle number, mileage out, and mileage in.
 - Prior to departure, the operator should check off all inspection components to ensure the vehicle is safe for travel.

- The operator should also note any issues on the vehicle in the log book.
- Any mechanical issues are to be reported immediately to the Kinesiology/Athletics/Dance Division via phone (650) 574-6420, so that a Facilities Work Order can be submitted.
- Transponder for bridge travel
- Keys
- Master log of vehicles scheduled for departure. This log will provide you with information as to which vehicle is available should the one assigned be deemed unsafe for travel. Only unassigned vehicles can be substituted should there be an issue with the one that has been assigned. Please do not substitute a vehicle that has been assigned to another group.

EMERGENCY AND FIRE PROCEDURES

In case of an emergency such as fire, catastrophic accidents, etc., the individual instructor or staff member must make on-the-spot judgments and is authorized to call the police, fire department, or ambulance using 911 from a campus telephone or 911 from a public telephone. Further information about responding to various types of emergencies can be found on the District [Department of Public Safety](#) website.

In such matters as thefts, vandalism, student behavior problems, accidents, etc., faculty and staff members should report these incidents to the Public Safety Office, (650) 738-7000. In matters of student behavioral issues, faculty should report these to their Division Dean and the Vice President, Student Services, (650) 574-6118.

Fire alarm pull stations are located in all campus buildings. The fire alarm system's control panels, which communicate an alarm event to the monitoring company, are located in the following buildings:

Building 1 — Public Safety and Medical Services
Building 3 — Theater (Includes Buildings 2 and 3)
Building 5 — Health and Wellness Center
Building 7 — Facilities Maintenance Center
Building 8 — Gymnasium
Building 9 — Library
Building 10 — College Center
Building 12 — East Hall
Building 16 — Central Hall (Includes Buildings 14 [South Hall], 15, and 17)
Building 18 — North Hall
Building 19 — Emerging Technologies
Building 30 — Team House (Includes Track/Football Press Box and Concession Building)
Building 33 — Child Care Center
Building 34 — Fire Technology, ITS, Shipping & Receiving
Building 35 — Regional Public Safety Center
Building 36 — Science Building

1. A fire alarm is relayed from the alarm company to San Mateo County Communications, CSM Public Safety Department, and the fire alarm station is identified so that fire equipment can proceed directly to the area of trouble. Alarms can be activated through either a pull box or automatically through smoke- and heat-sensing devices or water pressure gauges in the automatic sprinkler systems.
2. Horns and strobes will be activated in the corridors and restrooms of most buildings and inside certain large spaces such as the gymnasium and theatre. When the automatic sprinkler is activated, a continuous bell will also sound. When the fire alarm sounds, the buildings will be evacuated at once. CSM has Building Captains and Floor Managers who will assist in the evacuation. Permission to return to classes will be indicated by the Incident Commander or Emergency Management.
3. Faculty are responsible for the instruction of students in procedures to be followed in the event of an alarm. Procedures are as follows: In an orderly manner, proceed out the building by means of the nearest

unblocked route. Check to ascertain that all persons have vacated the buildings. Once outside a building, all persons must remain at least 100 feet from a building. Each building has a designated evacuation zone which can be found on the [Emergency Preparedness](#) page of CSM's website. If possible, students should be evacuated by faculty to these designated areas. It is important that students and staff be aware of alternate routes from any given place. There should be at least two ways to evacuate any area of the campus in which any large number of students congregate. Fire equipment will use the center mall for access to certain areas. Therefore, students should be directed to keep the mall clear.

4. In case of fire or other emergency, automobiles should not be moved unless it can be done safely and not interfere with the movement of emergency personnel.
5. The first responsibility of all staff is that of saving lives, best accomplished by
 - a. Sounding the alarm, and
 - b. Supervising the evacuation of the area endangered.
6. Procedures to be used in sounding an alarm are given below.
 - a. Activate the nearest pull box.
 - b. If time and circumstances permit, follow this action with a phone call to Public Safety by dialing (650) 738-7000 to provide the staff with as much information as possible, e.g., the exact location and nature of the fire.
 - c. Intercept fire personnel at facility exterior to advise of the location and nature of fire.
7. Information should be relayed to the Public Safety Office, (650) 738-7000, or directly to the Fire Department by dialing 911 from a campus telephone or 911 from a public telephone.
8. All staff should be familiar with the location and type of fire extinguishers in areas which they frequent. The most common fire extinguishers found on district grounds are Multipurpose Dry Chemical extinguishers which are used for "A", "B", or "C" fires. However, there are specialized fire extinguishers that use only Pressurized Water for "A" fires or Carbon Dioxide (Co2) for "B" and "C" fires in laboratories and other special hazard areas.
9. Do **not** activate a pull box in the event of an automobile fire in a parking lot, unless there is a direct facility exposure. Phone the Public Safety Office, (650) 738-7000 and/or call 911 (Provide parking lot name and number).

EARTHQUAKE PROCEDURES

During an earthquake, remain calm and quickly follow these steps.

- If **indoors**, seek refuge in a doorway or under a desk or table; stay away from glass windows, shelves, and heavy equipment. **(Drop, Cover, and Hold-On)**
- If **outdoors**, move quickly away from buildings, utility poles, and other structures. **Caution:** always avoid power or utility lines because they may be energized.
- If in an **automobile**, stop in the safest place available and stay in the vehicle for the shelter it offers. **Do not** block fire lanes.
- After the earthquake has stopped, calmly evacuate the buildings, and move to a location outside of the collapse zone, which is approx. 1.5x the height of the building. Each building has a designated evacuation zone which can be found on the [Emergency Preparedness](#) page of CSM's website. If possible, students should be evacuated by faculty to these designated areas. Keep streets and walkways clear for emergency vehicles and personnel.
- **Assist those with Access and Functional Needs in exiting the buildings.** Some buildings on campus do not have ramps and the elevators are unsafe to use after an earthquake. Evacuation chairs are located in multi-story buildings. The location of the evacuation chairs can be found on the [Emergency Preparedness](#) page of CSM's website. Don't think someone else will come to the rescue. **You take the initiative!**

- **Do not return to an evacuated building** unless directed to do so by a Public Safety Officer or designated college official(s).
- After a severe earthquake, the District's Emergency Operation Center (EOC) shall be activated and will be staffed by emergency personnel. Be sure to report any damage, injuries, trapped people, and/or leaks of any kind to the personnel at the Incident Command Post (ICP). Updated disaster information will be available at the EOC.
- **Do not leave** the campus until a Public Safety Officer has checked the roadways to assure that they are passable. Wait for information to be released by the District's Public Information Officer (PIO).
- Avoid the impulse to use the phones because this may tie up phone lines required for emergency services. In most instances, the phones will be inoperable after a major earthquake.

IMMEDIATE ACTION RESPONSE: THE BIG FIVE

An Immediate Action Response is a protocol that can be implemented in a variety of different emergency situations. When an emergency occurs, it is critical that staff members take **immediate** steps to protect themselves, their students, and other people on campus. With an Immediate Action Response, staff can follow specific directions without having to learn extensive protocols for each of several dozen different emergency situations.

Staff members must become familiar with each Immediate Action Response and be prepared to perform assigned responsibilities. All students must be taught what to do in the event that any of these response actions is implemented.

IMMEDIATE ACTION RESPONSE: THE BIG FIVE

ACTION	DESCRIPTION
SHELTER IN PLACE	Implement to isolate students and staff from the outdoor environment and provide greater protection from external airborne contaminants or wildlife. Close windows and air vents and shut down air conditioning/heating units
DROP, COVER & HOLD ON	Implement during an earthquake or explosion to protect building occupants from flying and falling debris
SECURE CAMPUS	Initiate for a potential threat of danger in the surrounding community. All classroom/office doors are closed and locked and all students and staff remain inside until otherwise directed. Instruction continues as planned
LOCKDOWN / BARRICADE	Initiate for an immediate threat of danger to occupants of a campus or school building and when any movement will put students and staff in jeopardy. Once implemented, no one is allowed to enter or exit rooms for any reason unless directed by law enforcement
EVACUATION	Implement when conditions outside the building or off-site are safer than inside or on-site. Requires the orderly movement of students and staff from school buildings to a pre-determined safe location

BY-LAWS OF ACADEMIC SENATE OF THE COLLEGE OF SAN MATEO

Revised 2021

ARTICLE I

NAME

The name of this body shall be the Academic Senate of College of San Mateo, hereinafter referred to as the Senate.

SENATE MEMBERSHIP AND DUES

Consistent with Title 5 of the California Administrative Code, Section 53200, and in accordance with Section 53202.d, all full-time and part-time faculty in the College are faculty members with all rights and responsibilities thereunto. The Academic Senate shall include the following faculty members: officers elected by the faculty; standing committee chairs elected or appointed by the faculty committee members or the academic senate; senators and senate committee members elected or appointed by the faculty of the academic divisions. Administrators, classified staff, and students are not members of the faculty. Any employee who supervises faculty is not permitted to serve as division representatives on senate committees. Classified staff who are also adjunct faculty are permitted to serve as division representatives on senate committees, provided they are adjunct faculty for the division at the time of service.

Consistent with Title 5, Section 13532, the Senate may call upon its faculty members for payment of professional dues; however, professional dues are not to be expended on items for which taxpayers' dollars cannot be spent; dues may be used to support approved Senate projects and functions.

Article I Reviewed 2018.

ARTICLE II

PURPOSE

The Academic Senate has been established in accordance with Education Code Section 70902(b)(7), which call on the Board of Governors to enact regulations to ensure the right of faculty, as well as staff and students, to participate effectively in district and college governance. It further ensures the right of Academic Senates to assume the primary responsibility for "making recommendations in the areas of curriculum and academic standards."

The Senate shall make recommendations regarding academic and professional matters to Cabinet, District Academic Senate, the College and District administration, the Board of Trustees, and to other appropriate individuals and bodies. The Board of Trustees shall ensure the right of the Senate to assume primary responsibility with respect to academic and professional matters, including exercise of the authority to appoint faculty to committees or groups dealing with academic and professional matters as specified in Title 5, Section 53203(f), and to participate in all other aspects of shared governance. The Senate shall inform the District Academic Senate of current issues and hold meetings for discussion and shall uphold all designated responsibilities pertaining to Senate rules and regulations as determined by State laws.

Academic and professional matters, as summarized from Title 5, Section 53200, include the following policy development matters:

1. Curriculum, including establishing prerequisites.
2. Degree and certificate requirements.
3. Grading policies.
4. Educational program development.

5. Standards or policies regarding student preparation and success.
6. College governance structures, as related to faculty roles.
7. Faculty roles and involvements in accreditation processes.
8. Policies for faculty professional development activities.
9. Processes for program review.
10. Processes for instructional planning and budget development.
11. Other academic and professional matters as mutually agreed upon.

The Senate has the **primary responsibility** for making recommendations in academic and professional matters, while Government Code Section 3540 (et seq. Rodda Act) establishes the right of exclusive bargaining agents to negotiate hours, wages, and working conditions. Title 5, Section 53204 states, "Nothing in this subchapter shall be construed to impinge upon the dues process rights of faculty, nor to detract from any negotiated agreements between collective bargaining representatives and district governing boards. It is the intent of the Board of Governors to respect agreements between academic senates and collective bargaining representatives as to how they will consult, collaborate, share or delegate among themselves the responsibilities that are or may be delegated to academic senates pursuant to these regulations." The Senate recognizes the interests of both groups on issues with both academic and working conditions implications.

Article II Reviewed 2018.

ARTICLE III

Appointments to FEGC will occur every two years although faculty should seriously consider remaining on the committee for a longer period due to the steep learning curve. Interested faculty should submit a statement of interest to

the Senate in the spring semester one year in advance of the actual appointment. This will allow the new representative to 'shadow' the current person for one year. The statement of interest should include a brief bio and why the faculty member is interested in the position. All Senate Reps will receive a copy of the statement. The Executive Committee of the Senate will meet confidentially to review the statements and make the final recommendation for appointment. If any Senate Reps would like to comment on any of the applicants, they should forward their confidential comments to the Senate President.

Due to the confidentiality of many evaluation issues, the chair will report to the Academic Senate on a request only basis.

STUDENT GRIEVANCES AND APPEALS

Students are encouraged to pursue their academic studies and become involved in other college sponsored activities that promote their intellectual growth and personal development. The college is committed to the concept that, in the pursuit of these ends, students should be free of unfair and improper actions on the part of any member of the academic community. The student may also seek the assistance of a friend in attempting to resolve a grievance informally.

The chart below summarizes the appropriate college channels to be utilized by any student wishing to seek redress. For further information concerning any aspect of student grievances or rights of appeal, students should contact the Office of the Vice President, Student Services. The form shall be filed with the Grievance Officer (Vice President, Student Services for all matters except academic and grade grievances or Vice President, Instruction for academic and grade grievances) within one year of the incident on which the grievance is based. In presenting a grievance, the student shall submit a written statement to include, where appropriate, the following information:
 1. A statement describing the nature of the problem and the action which the student desires taken.

- The statement contains facts which, if true, would constitute a grievance under these procedures.
- The grievant is a student which includes applicants and former students.

- The grievance was filed in a timely manner.
- The grievance is not clearly frivolous, clearly without foundation, or clearly filed for purposes of harassment.

 - Due Process: To determine whether the Grievance Committee was conducted fairly in light of the charges and information presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and to present information and that all

parties were given a reasonable opportunity to prepare and to present a response to those allegations. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results.

- New Information: To consider new information, sufficient to alter a decision, or other relevant facts not brought out in the original hearing, because such information and/or facts were not known to the person appealing at the time of the original Grievance Committee.
- c. A written notice of the President's decision shall be provided to the student within ten days of the hearing.

GUIDELINES FOR DEALING WITH CHEATING AND PLAGIARISM COLLEGE OF SAN MATEO

Introduction

The College of San Mateo Catalog states, “The principle of personal honor is the basis for student conduct. The honor system rests on the sincere belief that College of San Mateo students are mature and self-respecting, and can be relied upon to act as responsible and ethical members of society.”

Although instructors may hope that students will act responsibly and ethically at all times, situations will arise in which it is clear, beyond a reasonable doubt that a student cheated or plagiarized. The following sections provide guidelines for such situations by providing specific definitions of cheating and plagiarizing, and addressing the related instructor responsibilities, student responsibilities and sanctions.

Definitions

“Cheating” refers to unauthorized help on an assignment, quiz, or examination as follows: (1) a student must not receive from any other student or give to any other student any information, answers, or help during an exam; (2) a student must not use unauthorized sources for answers during an exam, must not take notes or books to the exam when such aids are forbidden, and must not refer to any book or note while taking the exam unless the instructor indicates it is an “open book” exam; and (3) a student must not obtain exam questions illegally before an exam or tamper with an exam after it has been corrected.

“Plagiarism” means submitting work that is someone else’s as one’s own. For example, copying material from a book or other source without acknowledging that the words or ideas are someone else’s, and not one’s own, is plagiarism. If a student copies an author’s words exactly, he or she should treat the passage as a direct quotation and supply the appropriate citation. If someone else’s ideas are used, even if it is paraphrased, appropriate credit should be given. Lastly, a student commits plagiarism when a term paper is purchased and/or submitted which he or she did not write.

(Note: the above two definitions are adapted from *Tools for Teaching*, by Barbara Gross Davis, Jossey-Bass, Inc., 1993, pp. 300).

Instructor Responsibilities

1. At the beginning of every semester, the instructor **shall** [should] ensure that students understand the above-stated definitions of cheating and plagiarism. Instructors should focus on those aspects of these definitions which will probably be most relevant in their particular courses. Issues of plagiarism will clearly be more relevant in classes which require students to write papers. Issues of cheating will probably be most relevant in classes which use multiple-choice and true-false type questions. Instructors are encouraged to make reference to these guidelines in their course syllabi.
2. The instructor should minimize opportunities for cheating and plagiarizing (e.g., see *Tools for Teaching*, pp. 300 – 310, or other appropriate sources for specific examples).
3. Before applying sanctions, the instructor must be able to establish, beyond a reasonable doubt, that the alleged incident actually occurred. For example, a student may admit to cheating or plagiarism, eyewitnesses may corroborate the instructor’s account, or an original source of ideas may prove that a student’s ideas and/or words are not original. Additionally, instructors **must** document the details of the alleged incident.
4. The instructor should report the violation to the Vice President, Student Services for disciplinary action using the Notice of Student Violation of Guidelines Addressing Cheating and Dishonesty.

Student Responsibilities

Students are expected to complete assignments to the best of their ability without resorting to cheating or plagiarizing, as defined above.

Sanctions

Among academic sanctions an instructor may choose to utilize are the following:

1. Warn the student, if the infraction is not intentional or flagrant, that any future violation will be dealt with in a more severe manner.
2. Assign the student an "F" grade (no credit) on that exam or assignment. Students should also be warned that a more serious sanction will be applied should another violation occur in the future.

The instructor shall report the violation to the Vice President, Student Services, whose office maintains such information. The instructor should include the following: 1) name and identification number of the student, 2) the specific nature of the violation, 3) the date of its occurrence, 4) how the violation was determined, and 5) any additional comments that the instructor wishes to include.

The Vice President will determine the College-level discipline that is appropriate based on the magnitude and severity of other documented reports related to the same student. Note that disciplinary actions are not part of the academic record, and disciplinary actions are not recorded on student transcripts. All disciplinary information is maintained only in the Office of the Vice President, Student Services, and is confidential in nature.

Nothing in these guidelines shall be construed to restrict a student's right to appeal through the appropriate process described in the "Student Grievance and Appeals" section of the *College Catalog*.

APPENDIX H

GUIDELINE ON “EXCUSED ABSENCES”

Attendance regulations are set forth in the College catalog. Please refer to the College [Catalog](#) under “Academic Policies.” However, the Academic Senate has been made aware of situations in which certain students are disadvantaged due to occasional schedule conflicts which necessitate missing one class in order to meet scheduled requirements for another class. Such instances usually occur in cases involving class field trips and occasional post-conference athletic competition. Both of these constitute scheduled curricular requirements which are not optional for the student. In such cases, the student may be placed in academic jeopardy. This is especially true in cases of a missed examination or in courses in which attendance is taken into account in determining the student’s final grade.

It is the request of the Academic Senate that faculty members take these factors into account in assigning grades. It is the feeling of the Senate that the following guideline should be utilized: A student’s grade should not be negatively affected when the student’s absence is due to a documented course-related scheduled and required activity.

SMOKING POLICY AND GUIDELINES

Smoking Policy

It is the policy of San Mateo County Community College District to provide a safe learning and working environment for both students and employees. It is recognized that smoke from cigarettes, pipes, and/or cigars is hazardous to health. There is also evidence that vapor from e-cigarettes may be harmful. Therefore, it is the intent of the District to provide a smoke-free environment to the greatest extent possible. To achieve this goal, the District will limit smoking on District property to outdoor areas only, at a minimum of twenty (20) feet away from any doorway, entrance to an indoor facility, or fresh air intake vent.

1. "Smoking" means engaging in an act that generates smoke or vapor, such as possessing a lit pipe, a lit hookah pipe, electronic cigarettes or other imitation cigarette devices, a lit cigar, or a lit cigarette of any kind.
2. This policy shall apply to all owned or leased District facilities and all owned or leased District vehicles.
3. Smoking is prohibited in all indoor locations within the District.
4. Smoking is prohibited within a distance of twenty (20) feet from any District or College doorway, entrance to an interior area or fresh air intake vent. The College President, in conjunction with the College Council, has the discretion to set campus smoking regulations as long as smoking is prohibited within a distance of at least 20 feet from any District or College doorway, entrance to an interior area or fresh air intake vent.
5. District managers are responsible for publicizing the policy to students, employees and visitors, and are responsible for the posting of signs. International no smoking signs will be posted as appropriate. Notification about the policy on smoking will be included in employee and student publications, newsletters and in other written materials as appropriate. In addition, materials that are used to publicize District public events will include policy notification to the public.
6. To assist in the implementation of this policy, the District will provide education and training in the areas of smoking dangers and smoking cessation.
7. It is the responsibility of all students and employees to observe the policy and guidelines on smoking. Failure to comply with the policy on smoking will be treated in the same manner as other violations of District Rules and Regulations and may result in disciplinary action.
8. It is the responsibility of College and District Office managers to enforce the policy on smoking. Disputes over the interpretation of the policy or complaints about individuals violating the policy should be brought to the attention of the person's supervisor, the Vice-President of Student Services at the College level, or the Vice-Chancellor of Human Resources and Employee Relations in the District Office. When the evidence is non-persuasive on either side, such disputes will be settled in favor of the nonsmoker(s) in recognition of the policy of the District to provide a smoke-free environment. Such disputes shall be settled at the lowest management level.
9. This policy does not supersede more restrictive policies which may be in force in compliance with State or Federal regulations or which are imposed by one of the Colleges.

2.25 Prohibition of Harassment

1. All forms of harassment are contrary to basic standards of conduct between individuals and are prohibited by state and federal law, as well as this policy, and will not be tolerated. The District is committed to providing an academic and work environment that respects the dignity of individuals and groups. The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation, including acts of sexual violence. It shall also be free of other unlawful harassment and bullying including, but not limited to, that which is based on any of the following federal and state protected classes: race; color; national origin, ancestry or citizenship status; religion or creed; age; marital status; sex and gender (including sexual orientation and identity; gender identity and gender expression); physical or mental disability; genetic information; medical condition; political activities or affiliations; military or veteran status; status as a victim of domestic violence, assault or stalking; or because one is perceived to have one or more of the foregoing characteristics or associates with a person or group with one or more of these characteristics. This policy shall apply to all employees, students and any other individuals who come onto District property.
2. The District seeks to foster an environment in which all employees, students, unpaid interns, and volunteers feel free to report incidents of harassment without fear of retaliation or reprisal. Therefore, the District also strictly prohibits retaliation against any individual for filing a complaint of harassment or for participating in a harassment investigation. Such conduct is illegal and constitutes a violation of this policy. All allegations of retaliation will be swiftly and thoroughly investigated. If the District determines that retaliation has occurred, it will take all reasonable steps within its power to stop such conduct. Individuals who engage in retaliatory conduct may be subject to disciplinary action, up to and including termination or expulsion. Engaging in intimidating conduct or bullying against another employee through words or actions, including direct physical contact; verbal assaults, such as teasing or name-calling; social isolation or manipulation; and cyber bullying are strictly forbidden.

3. Any individual who believes that he or she has been harassed, bullied or retaliated against in violation of this policy and wishes to report such incidents should report the incident to his/her supervisor or the office of the Vice President of Student Services or the Vice Chancellor of Human Resources and Employee Relations. Individuals to whom incidents of harassment, retaliation or bullying are reported are required to report all such incidents to the Vice Chancellor of Human Resources and Employee Relations. If an incident involves the Vice Chancellor of Human Resources, it shall be reported directly to the Chancellor.
4. This policy applies to all aspects of the academic and work environment, including but not limited to classroom conditions, grades, academic standing, employment opportunities, scholarships, recommendations, disciplinary actions, and participation in any District activity. In addition, this policy applies to minors as well as adults, and to all terms and conditions of employment, including but not limited to hiring, placement, promotion, disciplinary action, layoff, reemployment, transfer, leave of absence, training opportunities, assignment of work hours and projects, and compensation.
5. The Chancellor shall ensure that the institution undertakes education and training activities to counter discrimination and to prevent, minimize and/or eliminate any hostile environment that impairs access to equal education opportunity or impacts the terms and conditions of employment.
6. The Chancellor shall establish procedures that define harassment throughout the District. The Chancellor shall further establish procedures for employees, students and other members of the District community that provide for the investigation and resolution of complaints regarding harassment and discrimination. All participants are protected from retaliatory acts by the District, its employees, students and agents.
7. The District shall promptly investigate and resolve complaints of harassment and will assure that any harm resulting from the harassment will be promptly redressed by restoring any lost benefit or opportunity. All participants are protected from retaliatory acts by the District, its employees, students, and agents.
8. This policy and related written procedures shall be widely published and publicized to administrators, faculty, staff, and students, particularly when they are new to the institution. They shall be available for students and employees on the District's public website.
9. It is the responsibility of each individual to maintain a level of conduct that is compliant with this policy. Employees who violate the policy and procedures may be subject to disciplinary action up to and including termination. Students who violate this policy and related procedures may be subject to disciplinary measures up to and including expulsion. (Rev. 6/15)

2.25.1 Prohibition of Harassment

1. The District is committed to providing an academic and work environment free of unlawful harassment. This procedure defines sexual harassment and other forms of harassment on campus, and sets forth a procedure for the investigation and resolution of complaints of harassment by or against any staff or faculty member or student within the District.

This procedure and the related policy protects students and employees in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District's facilities, a District bus, or at a class or training program sponsored by the District at another location. Further information can be found on the [District website](#).

2. Definitions

- a. General Harassment: Harassment based on race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation of any person, or military and veteran status, or the perception that a person has one or more of these characteristics is illegal and violates District policy. Gender-based harassment does not necessarily involve conduct that is sexual. Any hostile or offensive conduct based on gender can constitute prohibited harassment. For example, repeated derisive comments about a person's competency to do the job, when based on that person's gender, could constitute gender-based harassment. Harassment comes in many forms, including but not limited to the following conduct:
 - i. Verbal: Inappropriate or offensive remarks, slurs, jokes or innuendoes based on a person's race, gender, sexual orientation, or other protected status. This may include, but is not limited to,

- inappropriate comments regarding an individual's body, physical appearance, attire, sexual prowess, marital status or sexual orientation; unwelcome flirting or propositions; demands for sexual favors; verbal abuse, threats or intimidation; or sexist, patronizing or ridiculing statements that convey derogatory attitudes based on gender, race nationality, sexual orientation or other protected status.
- ii. Physical: Inappropriate or offensive touching, assault, or physical interference with free movement. This may include, but is not limited to, kissing, patting, lingering or intimate touches, grabbing, pinching, leering, staring, unnecessarily brushing against or blocking another person, whistling or sexual gestures. It also includes any physical assault or intimidation directed at an individual due to that person's gender, race, national origin, sexual orientation or other protected status. Physical sexual harassment includes acts of sexual violence, such as rape, sexual assault, sexual battery, and sexual coercion. Sexual violence refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent due to the victim's use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability.
 - iii. Visual or Written: The display or circulation of visual or written material that degrades an individual or group based on gender, race, nationality, sexual orientation, or other protected status. This may include, but is not limited to, posters, cartoons, drawings, graffiti, reading materials, computer graphics or electronic media transmissions.
 - iv. Environmental: A hostile academic or work environment exists where it is permeated by sexual innuendo; insults or abusive comments directed at an individual or group based on gender, race, nationality, sexual orientation or other protected status; or gratuitous comments regarding gender, race, sexual orientation, or other protected status that are not relevant to the subject matter of the class or activities on the job. A hostile environment can arise from an unwarranted focus on sexual topics or sexually suggestive statements in the classroom or work environment. It can also be created by an unwarranted focus on, or stereotyping of, particular racial or ethnic groups, sexual orientations, genders or other protected statuses. An environment may also be hostile toward anyone who merely witnesses unlawful harassment in his/her immediate surroundings, although the conduct is directed at others. The determination of whether an environment is hostile is based on the totality of the circumstances, including such factors as the frequency of the conduct, the severity of the conduct, whether the conduct is humiliating or physically threatening, and whether the conduct unreasonably interferes with an individual's learning or work.
- b. Sexual Harassment: In addition to the above, sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other conduct of a sexual nature when:
- submission to the conduct is made a term or condition of an individual's employment, academic status, or progress;
 - submission to, or rejection of, the conduct by the individual is used as a basis of employment or academic decisions affecting the individual;
 - the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile or offensive work or educational environment; or
 - submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the community college.

This definition encompasses two kinds of sexual harassment:

- i. "Quid pro quo" sexual harassment occurs when a person in a position of authority makes educational or employment benefits conditional upon an individual's willingness to engage in or tolerate unwanted sexual conduct.
- ii. "Hostile environment" sexual harassment occurs when unwelcome conduct based on a person's gender is sufficiently severe or pervasive so as to alter the conditions of an individual's learning or work environment, unreasonably interfere with an individual's academic or work performance, or create an intimidating, hostile, or abusive learning or work environment. The victim must subjectively perceive the environment as hostile, and the harassment must be such that a reasonable person of the same gender would perceive the environment as hostile. A single or isolated incident of sexual harassment may be sufficient to create a hostile environment if it is severe, i.e. a sexual assault.

Sexually harassing conduct can occur between people of the same or different genders. The standard for determining whether conduct constitutes sexual harassment is whether a reasonable person of the same gender as the victim would perceive the conduct as harassment based on sex.

- c. **Bullying:** the aggressive and hostile acts of an individual or group of individuals which are intended to torment, frustrate, provoke or humiliate, mentally or physically injure or intimidate, and/or control another individual or group of individuals. It is a type of interpersonal aggression that goes beyond incivility and is marked by frequency, intensity and duration.

Bullying can occur as a single, severe incident or repeated incidents, and may manifest in the following forms:

- i. Physical Bullying includes pushing, shoving, kicking, poking and/or tripping another; assaulting or threatening a physical assault; damaging a person's work area or personal property; and/or damaging or destroying a person's work product.
- ii. Verbal/Written Bullying includes ridiculing, insulting or maligning a person, either verbally or in writing; addressing abusive, threatening, derogatory or offensive remarks to a person; and/or attempting to exploit an individual's known intellectual or physical vulnerabilities.
- iii. Nonverbal Bullying includes directing threatening gestures toward a person or invading personal space after being asked to move or step away.
- iv. Cyberbullying is defined as bullying an individual using any electronic form, including, but not limited to, the Internet, interactive and digital technologies, or mobile phones.
- v. Sabotaging or undermining an individual's or group's work performance or education experience.

Conduct constitutes prohibited bullying when a reasonable person in the circumstances would find the conduct sufficiently severe, based on its nature and frequency, to create an environment which is hostile or intimidating and which unreasonably interferes with the work, educational or college opportunity, or is intended to cause or is reasonably foreseeable to cause physical, emotional or psychological harm.

Bullying shall not include circumstances when:

- i. A supervisor or any person with supervisory authority reports and/or documents an employee's unsatisfactory job performance and the potential consequences for such performance.
- ii. A faculty member or academic program personnel advise a student of unsatisfactory academic work and the potential for course failure or dismissal from the program.
- iii. A faculty member or academic program personnel advise a student of inappropriate behavior that may result in disciplinary proceedings.

3. Consensual Relationships

Romantic or sexual relationships between supervisors and employees, or between administrators, faculty or staff members and students are discouraged. There is an inherent imbalance of power and potential for exploitation in such relationships. A conflict of interest may arise if the administrator, faculty or staff member must evaluate the student's or employee's work or make decisions affecting the employee or

student. The relationship may create an appearance of impropriety and lead to charges of favoritism by other students or employees. A consensual sexual relationship may change, with the result that sexual conduct that was once welcome becomes unwelcome and harassing. In the event that such relationships do occur, the District has the authority to transfer any involved employee to eliminate or attenuate the supervisory authority of one over the other, or of a teacher over a student. Such action by the District is a proactive and preventive measure to avoid possible charges of harassment and does not constitute discipline against any affected employee. (Rev. 4/15)

2.19.2 Discrimination and Harassment Investigations

1. Since failure to report harassment, discrimination and bullying impedes the District's ability to stop the behavior, the District strongly encourages anyone who believes they are being harassed, discriminated against or bullied to file a complaint. The District also strongly encourages the filing of such complaints within 30 days of the alleged incident. While all complaints are taken seriously and will be investigated promptly, delay in filing impedes the District's ability to investigate and remediate.
2. All supervisors and managers have a mandatory duty to report incidents of harassment, discrimination and bullying; the existence of a hostile, offensive or intimidating work environment; and acts of retaliation.
3. The District will investigate complaints involving acts that occur off campus if they are related to an academic or work activity. (Rev. 4/15)

For other District policies regarding sexual assault, harassment, reporting requirements, and definitions, please refer to the District website under Board Policies and Procedures (Chapter 2 Administration).

APPENDIX L

ADDRESSING DISRUPTIVE BEHAVIOR OF STUDENTS ON CAMPUS GUIDELINES FOR FACULTY AND STAFF

WHAT IS DISRUPTIVE BEHAVIOR?

Disruptive and inappropriate behavior are actions that interfere with the instructional, administrative or service functions of the college. Assessing disruptive behavior can be a highly subjective process. For example, some behavior patterns, such as student talking in class, can be experienced as disruptive in some situations and simply irritating and frustrating in others.

Each CSM faculty or staff member has his or her own level of tolerance and special strategies for handling potentially disruptive situations. It is important to remember that the occurrence of disruptive behavior is rare and should not be confused with a student's right to express differing opinions, a right that is fundamental to a free and open academic community.

It is good practice for you to clearly define behavioral expectations in the syllabus and discuss these expectations with students during the first class meeting. It may also be helpful to attend one of the disruptive behavior workshops which are offered throughout the year.

There may be times when you are uncertain if a particular behavior is disruptive. Rather than not acting, hoping that the situation will go away, or waiting to see if the situation worsens, faculty are encouraged to complete a CARES report [form](#) and notify their Division Dean. The CSM Assessment, Response and Evaluation of Students ([CARES](#)) is a behavioral intervention team on campus available to assist faculty and staff with students exhibiting behaviors which are of concern. These individuals have considerable experience with students and can help assess the situation and suggest options congruent with your way of working with students. Your colleagues have reported that such coaching has frequently helped achieve a resolution that avoids formal disciplinary action.

Fortunately, disruptive situations are almost always resolved by your use of personal strategies and/or dialogue with the student. When the usual strategies you have employed have been ineffective and you have assessed the behavior as disruptive, the following guidelines may be helpful.

RESPONDING TO TYPES OF DISRUPTIVE BEHAVIOR

There are many kinds of disruptive behavior. Some behaviors are inappropriate; others are prohibited by College policy; and still others are clearly prohibited by the California Penal Code and are punishable by criminal sanctions. For a complete and detailed description of the Student Code of Conduct, refer to the College Catalog.

DISRUPTIVE OR INAPPROPRIATE BEHAVIOR

When the behavior of a student is identified as disruptive or inappropriate, you are expected to take all the following steps:

1. Inform the student that the behavior is disruptive, inappropriate and unacceptable.
2. Attempt to elicit the cooperation of the student to resolve the situation.
3. Warn the student that if the behavior continues a likely consequence is disciplinary action by the College.

If such dialogue with the student proves to be ineffective and you feel you have exhausted all the methods you normally employ to resolve such situations, College policy allows for the following response:

1. A faculty or staff member may remove a student who is in violation of the guidelines for student conduct for the duration of the class period or activity during which the violation took place and, if necessary, for the day following. If the student refuses to comply with your instructions to leave, call Public Safety, (650) 738-7000. If you choose to exercise this option, *you must immediately report this action to your Division Dean and Disciplinary Officer (Vice President of Student Services).*

2. In all cases of disruptive behavior involving removal from class, you must provide written documentation of the behavior, the initial warning and any subsequent inappropriate or disruptive behavior. *This documentation must be forwarded to your Division Dean and Disciplinary Officer.*

Your Division Dean and/or the Disciplinary Officer will then work with you to determine the next steps in response to the situation.

It is important to note that a student cannot be temporarily excluded from attending a class for more than two sessions without further formal College disciplinary action. In all cases involving potential College disciplinary action, students must be afforded procedural due process. The essential elements of due process are: notice, the opportunity to be heard, and the right to defend oneself in the context of a hearing. If you have questions about the Student Conduct Code and disciplinary process, contact the Office of the Vice President, Student Services at (650) 574-6118.

COLLEGE POLICY VIOLATIONS AND ILLEGAL BEHAVIOR

For disruptive behavior which is in violation of the Student Conduct Code and also illegal, please call CSM Public Safety at (650) 738-7000 and/or dial 911 for an immediate response. You should also alert the Disciplinary Officer (Vice President of Student Services). Examples of these kinds of behaviors include: use of prohibited drugs or alcohol on College property, willful damage to College property, threats, assaults, theft and possession of fire arms.

APPENDIX M

POLICY ON DRUG-FREE WORKPLACE AND EDUCATIONAL ENVIRONMENT

1. It is the policy of the San Mateo County Community College District to maintain a drug-free workplace and educational environment for its employees and students in accordance with the requirements of the Federal Drug-Free Workplace Act of 1988 and Drug-Free Schools and Communities Act Amendments of 1989. In addition to this policy, the District continues to maintain its employee and student policies pertaining to the possession and use of alcohol, marijuana and other and drugs on District property. Employees and students who are under the influence of an intoxicant while on District property are subject to disciplinary action, pursuant to current policies which regulate employee and student conduct.
2. The manufacture, distribution, dispensation, possession, or use of alcohol in the workplace or educational facilities and on any District property is strictly prohibited except as permitted by law and included in District procedures. The possession, sale or furnishing of alcohol on District property is governed by California state law and is controlled by the Department of Alcohol and Beverage Control. However, the enforcement of alcohol laws on District property is the primary responsibility of the Public Safety Department in conjunction with local law enforcement. It is unlawful to sell, furnish or provide alcohol to anyone under the age of 21. The possession of alcohol by anyone under 21 years of age in a public place or a place open to the public is illegal.
3. As appropriate and permitted by law, the Chancellor is authorized to enact procedures regarding serving alcoholic beverages on campus. Alcoholic beverages shall not be served on campus except in accordance with these procedures.
4. The manufacture, distribution, dispensation, possession or use of controlled substances in the workplace or educational facilities or on any District property is strictly prohibited except as permitted by law. The Public Safety Department, in conjunction with local law enforcement, strictly enforces federal and state laws regarding the illegal possession, sale, manufacture or distribution of any controlled substance as defined by law.
5. It is the responsibility of each District student to adhere to the requirements of this drug-free policy. Students found to be in violation of this policy by the illegal manufacturing, distributing, dispensing, possessing or using alcohol, marijuana or a controlled substance on District property will be subject to disciplinary measures up to and including expulsion, pursuant to District policy.
6. It is the responsibility of each District employee to adhere to the requirements of this drug-free policy and to notify the Office of Human Resources within five (5) days of any criminal drug statute conviction for violations occurring in the workplace or educational setting. Employees found to be in violation of this policy by the illegal manufacturing, distributing, dispensing, possessing or using alcohol, marijuana or a controlled substance in the workplace, educational facility or on any District property, or by failing to notify the District criminal drug statute convictions as required, will be subject to disciplinary measures up to and including dismissal, pursuant to established District and collective-bargained policies and procedures.
7. Within ten (10) days after receiving notice from an employee of any criminal drug statute conviction, the Office of Human Resources will notify all Federal agencies from which Federal grants are received, pursuant to requirement of the Act.
8. Within thirty (30) days of receiving notice of such conviction, the Chancellor or designee shall initiate the appropriate personnel action or require the employee to participate in a drug-abuse assistance or rehabilitation program.
9. Notice of the District Drug-Free Workplace and Education Environment policy will be included in regular student publications and will be made available to employees annually.
10. The District maintains a program of random alcohol, marijuana and controlled substances testing for all persons who perform safety-sensitive functions such as driving passenger vehicles or operating a vehicle

with a weight that is subject to this policy, as defined by the Omnibus Transportation Employee Testing Act of 1991 (hereinafter referred to as "the Omnibus Act"). This policy applies only to those District employees who are directly identified by the Chancellor (or designee) and appropriate administrator as holding and performing functions which have been identified as safety-sensitive and who are considered to be covered by the Federal regulations. These employees include all District employees who hold a commercial driver's license which is necessary to perform job-related duties such as operating a commercial motor vehicle or carrying fifteen (15) or more passengers, including the driver.

11. Employees who are covered by the Omnibus Act will be so notified and receive written information pertaining to it, its testing requirements, and their rights therein.
12. Pursuant to the Omnibus Act, District employees who are affected by this Act are subject to alcohol, marijuana and controlled substance testing. The presence in the body, possession, use, distribution, dispensing and/or illegal manufacture or sale of prohibited drugs is not condoned while conducting District business, or while in work areas, or in District vehicles on or off District property. APPENDIX N

POLICY ON PROFESSIONAL ETHICS

All District employees shall adhere to the highest ethical standards in pursuing the College District's mission of providing quality educational programs and in managing resources efficiently and effectively. Ethical standards include but are not limited to commitment to the public good, accountability to the public, and commitment beyond the minimum requirements of the law. Each employee group has prepared a distinct Code of Professional Ethics for their respective constituencies, which, as a whole, comprise the Districtwide Policy on Ethical Behavior adopted by the Board.

No employee or consultant shall use or permit others to use public resources for personal use or any other purpose not authorized by law. "Incidental or minimal use," defined as use that will not result in additional cost to the District or interfere with the employee's job performance (i.e., occasional telephone call, private use of an envelope or paper, etc.), where lawful, is permitted.

- i. The Board of Trustees, administration, faculty and classified staff shall act in the best interests of students, the community and the District's mission over other competing interests and shall foster a work/study environment that values respect, fairness, and integrity and is positive, encouraging, and success-oriented. The College District has adopted policies and practices that protect the rights of individuals (Rules and Regulations 2.12); that protect individuals from unlawful discrimination (2.20) and sexual harassment (2.25); that prohibit the Board and employees from making or participating in making a decision in which they have a financial interest (1.35 and 2.45); and that provide for the support and development of each District employee (2.11).

The Board has also adopted policies ensuring public input into Board deliberations (1.45); adhering to the law and spirit of open meeting laws and regulations (1.40); exercising authority only as a Board (1.02); using appropriate channels of communication (1.35); and devoting adequate time to Board work and being informed about the District, educational issues and responsibilities of trusteeship (1.10).

Violations of the Board's Policy on Professional Ethics will be addressed by the President of the Board, who will first discuss the violation with the Board member to reach a resolution. If resolution is not achieved, the Board President may appoint an ad hoc committee, consult with legal counsel and/or refer the matter to the District Attorney to examine the matter and recommend further courses of action to the Board. Sanctions will be determined by the Board and may include censure of the Board member who is in violation of the policy. If the President of the Board is perceived to have violated the code, the Vice President of the Board is authorized to pursue resolution.

2. The faculty of the SMCCCD has developed a Code of Professional Ethics which can be found on the [District Academic Senate](#) website.
3. The classified staff of the SMCCCD has developed a Code of Ethics which can be found at: [Classified Employees Statement of Ethics](#).

STATEMENT ON ACADEMIC FREEDOM

1. The San Mateo County Community College District is dedicated to maintaining a climate of academic freedom encouraging the sharing and cultivation of a wide variety of viewpoints. Academic freedom expresses our belief in inquiry, informed debate and the search for truth; academic freedom is necessary in order to provide students with a variety of ideas, to encourage them to engage in critical thinking and to help them understand conflicting opinions.
2. Academic freedom encompasses the freedom to study, teach, and express ideas, including unpopular or controversial ones, without censorship or political restraint. Academic freedom, rather than being a license to do or say whatever one wishes, requires professional competence, open inquiry and rigorous attention to the pursuit of truth.
3. The District's faculty have the right to express their informed opinions which relate, directly or indirectly, to their professional activities, whether these opinions are expressed in the classroom, elsewhere on campus or at college-related functions. In a search for truth and in a context of reasoned academic debate, students also have the right to express their opinions and to question those presented by others.
4. Employment by the District does not in any way restrict or limit the First Amendment rights enjoyed by faculty as members of their communities. Faculty members are free to speak and write publicly on any issue, as long as they do not indicate they are speaking for the institution.
5. Protecting academic freedom is the responsibility of the college community. Therefore, in a climate of openness and mutual respect, free from distortion and doctrinal obligation, the District protects and encourages the exchange of ideas, including unpopular ones, which are presented in a spirit of free and open dialogue and constructive debate.
